1A	<p>The Police Chief should require staff to clarify reporting procedures to ensure consistency in disposition coding, eliminating other options that may lead to incorrect coding, and add quality review procedures to identify potentially incorrect or unreported offenses. Additionally, work with other jurisdictions to develop a method to communicate arrests made for each other's warrants so that NIBRS clearances are complete.</p>	<p>Aug 2022: The department reported that its new records management system (RMS) transition is still in progress, with on-site training starting this month. The mandatory data collection points will be incorporated into staff training. In addition, the department reported that it has presented the FBI/CJIS Advisory Policy Board with an August meeting discussion topic on warrants, arrests and communication to allow the most accurate NIBRS clearances. Jan 2023: The department is in the process of recertifying as a NIBRS agency after its transition to a new records management system. May 2023: The department continues to work with its software vendor on technical corrections to the system mapping and reporting procedures and working on recertification with the State. Aug 2023: This work continues to be in progress.</p>	In Progress	<input type="checkbox"/>
1B	<p>The Police Chief should require staff to establish processes to routinely compare SPD incident data to data reported by DPS/NIBRS and evaluate the significance of any differences, such as unreported prior year incidents.</p>	<p>Aug 2022: The department reported that, after its new RMS transition and certification is completed, staff will determine a sustainable review process to compare submitted data and DPS/FBI reported data. Jan 2023: The department is in the process of recertifying as a NIBRS agency after its transition to a new records management system. After certification, the department plans to identify and implement an ongoing process to compare data. May 2023: The department reported that with the transition to the new RMS, it has been unable to upload data to the DPS repository. Once the transition process is completed, the department will evaluate submission results and identify processes to ensure accuracy and completion. Aug 2023: The department continues to work with the software vendor and DPS to ensure data is correct in both systems.</p>	In Progress	<input type="checkbox"/>
