V. Attachments

1. Photographs

Submit at least 2 sets photographs or digital images, minimum size 3” x 5,” for each aspect of the planned work that illustrates the need for the work to be undertaken. Show the level of deterioration; the location for the planned rehabilitation and/or improvement and the effect the deterioration or work will have on the building.

Provide additional photographs as needed to show the relationship of the house to adjacent properties, the visibility of the improvement and/or the contribution the work will make to the streetscape.

2. Drawings

A. Site plan: *Drawings need not be professionally done but should be correct in scale and detailed enough to illustrate the proposed scope of work. The site plan should include:*

- An outline or “footprint” of all existing building and structures on the lot
- The location of property lines, streets, alleys and easements
- The location of driveways, parking areas, sidewalks, patios, fencing, walls and other major landscape or site improvements

Planning and Development Services

- The location of the proposed work with notes referencing the scope of work described in Section III of the application

B. Elevations: *Include line drawings of the exterior elements of the building that will be impacted by the proposed work. Depending upon the nature of the work the drawings should show:*

- Wall and roof configurations,
- Location and size of window and/or door openings
- Style and configuration of windows
- Notations as to materials to be used

C. Replacement Window Details: If you are proposing to replace windows, include the following information:

- Note on the site plan or floor plan the location of each window being replaced and any new window locations; label each location with a number (1,2,3) or letter (a,b,c) and use the same label for photos and drawings of each window
- Include photos of each original window being replaced and label each photo with a number or letter and identify which side of the house it is on (front, side, back)
- Describe the types of windows proposed including how each operates (casement, sliders, double-hung, fixed), the material used for the frame, whether it is single pane or double-pane, and how the appearance of each replacement window compares to (is similar to) each original window.
- Include elevations, drawings or photo simulations of each replacement window, and list the dimensions of each window including the width of the frame/sash and the width of the muntins (grille)
- List the manufacturer and the product line proposed and include, if available, a brochure of the product proposed.
- Describe the muntin/grille pattern for each replacement window and whether it is on the outside of the glass (preferred), or if it is also between the panes (on double-pane) and on the inside of the window.
- Provide EPA energy efficiency rating for the proposed window (U factor of .40 or less and SHCC rating of .40 or less)

D. Archival Documents: *If you are planning to reconstruct or replicate a feature originally on the house or historically found within the subdivision, provide documentation on which you are basing the planned work. Documentation can include:*

- Original plans or footprints
- Historic photographs
- Contemporary photographs showing evidence of the original structure or feature
