Transmittal Letter

For the Fiscal Year
Ended June 30, 2001

City of Scottsdale
Scottsdale, Arizona

September 14, 2001

The Honorable Mayor and City Council
City of Scottsdale, Arizona

Dear Mayor and Members of the City Council:

The Comprehensive Annual Financial Report of the City of Scottsdale (the City or Scottsdale), Arizona, for the fiscal year ended June 30, 2001, is submitted in accordance with Article 6, Section 14, of the City Charter. This report was prepared by the City's Accounting and Budget Division. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the City. All disclosures that we believe are necessary to enable the reader to gain an understanding of the City's financial activities have been included.

This report represents management's report to its governing body, constituents, legislative and oversight bodies, and investors and creditors. Copies of this report will be sent to elected officials, City management personnel, bond rating agencies, national repositories, and other agencies which have expressed an interest in Scottsdale's financial matters. Copies of this financial report will also be placed in the City libraries for use by the general public.

CITY OF SCOTTSDALE PROFILE

Scottsdale is centrally located in Maricopa County, Arizona, with its boundaries encompassing an area approximately 185.2 square miles. Lying at an elevation of 1,260 feet above sea level, the City averages 314 days of sunshine and 7.74 inches of rainfall per year, with the average minimum and maximum temperatures ranging from 55.7 degrees to 84.6 degrees, respectively. The City is bordered to the west by Phoenix, the state capital, by Tempe to the south, and by the Salt River/Pima Maricopa Indian Community to the east. Scottsdale, together with its neighboring cities, forms the greater metropolitan Phoenix area, which is the economic, political, and population center of the state.

Scottsdale was founded in the 1800's when retired Army Chaplain Major Winfield Scott homesteaded what is now the center of the City. The City incorporated in 1951 and the City Charter, under which it is presently governed, was adopted in 1961. The City has experienced significant increases in population, with the 1950 census reporting 2,032 residents. The City's 1990 census was 130,069. The population grew to 168,176 in October 1995 and was estimated at approximately 202,000 in January 2001.

Scottsdale operates under a council-manager form of government as provided by its Charter. The Mayor and six City Council members are elected at large on a non-partisan ballot for a four-year term. The City Council appoints the City Manager, who has full responsibility for carrying out Council policies and administering City operations. The City Manager, in turn, appoints City employees and department General Managers under service procedures specified by Charter. City service departments provide a full range of services including police and fire protection, sanitation/solid waste service, water and sewer services, construction and maintenance of streets, recreational activities, and cultural events.

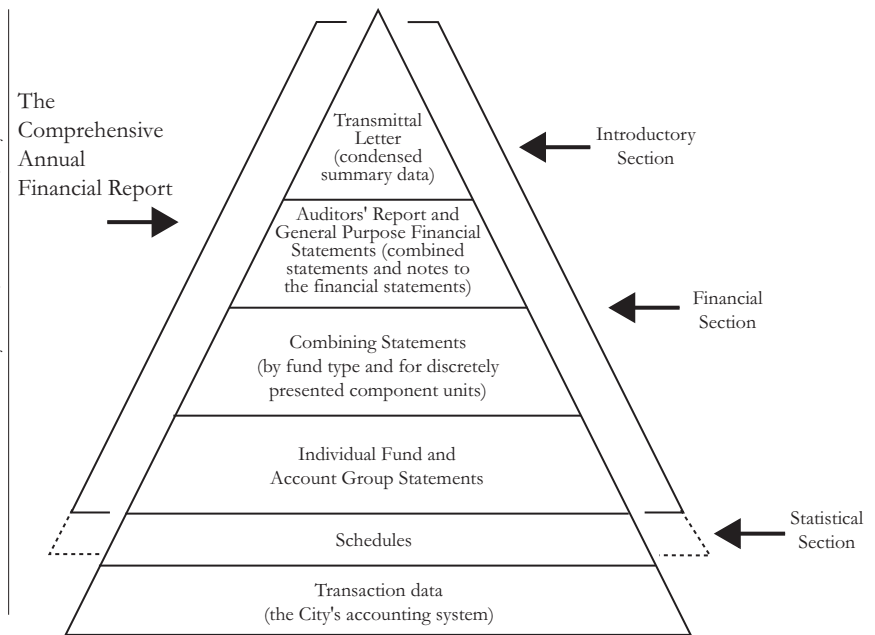

FINANCIAL REPORTING ENTITY

This report includes the financial data of all entities with which the City has a significant operational or financial relationship and which are consequently includable as component units in the City’s financial reporting entity, in accordance with Governmental Accounting Standards Board *Statement No. 14*. The City’s component units include the City of Scottsdale Municipal Property Corporation, Scottsdale Mountain Community Facilities District, McDowell Mountain Ranch Community Facilities District, DC Ranch Community Facilities District, Via Linda Road Community Facilities District, Scottsdale Preserve Authority, Scottswater Company, Inc., and Los Arcos Multipurpose Facilities District. Note 1 to the Notes to the Financial Statements discusses in more detail the financial reporting entity.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR)

The Comprehensive Annual Financial Report (CAFR) is organized on the basis of what has come to be known as the financial reporting pyramid (see the following graphic). The principle underlying this method of presentation is that readers can move from summary information to more detailed information. The CAFR contains three sections:

- 1) the **Introductory Section**, which includes this transmittal letter, the City’s organizational chart, and the Government Finance Officers Association Certificate of Achievement for Excellence in Financial Reporting;
- 2) the **Financial Section**, which includes the independent auditors’ report, the general purpose financial statements, notes to the financial statements and financial policies of the City, and the combining and individual funds and account group financial statements and schedules; and
- 3) the **Statistical Section**, which includes selected financial and demographic information, generally presented on a multi-year basis.

ECONOMIC CONDITION AND OUTLOOK

The economic climate remained positive for the City of Scottsdale during fiscal year 2000/2001. Local economic indicators showed signs of slowing yet Scottsdale’s economic indicators once again exceeded the averages for metro Phoenix. Significant reasons for Scottsdale’s positive economic condition at fiscal year end 2000/2001 and continued favorable outlook for fiscal year 2001/2002 include:

Retail Sales. Scottsdale’s single largest revenue source is sales tax generated from a well-balanced variety of businesses which include automotive, construction, food stores, hotels/motels, restaurants, utilities, rentals, department stores, and miscellaneous retail stores. Nearly every category posted strong gains for the year. Receipts for 2000/2001 were up by more than 5 percent overall, and are projected to grow by about the same amount for 2001/2002. During the 2001/2002 fiscal year, we expect to see the second phase

opening of a 900,000 square foot retail/restaurant center in North Scottsdale (the Scottsdale Promenade) and the start of construction on several key redevelopment projects, including the long-awaited Scottsdale Waterfront. The City has also begun advance-planning work on the development of a new regional mall, to be located at Scottsdale Road and the 101 Freeway, which likely will open in the 2004-2006 timeframe.

Construction Activity. Construction activity value reached \$1.1 billion in 2000/2001. This is the 5th consecutive year of activity exceeding \$1 billion dollars in Scottsdale. 2001/02 is again estimated to reach \$1 billion in value with a continued dominance of custom homes and a number of key downtown development projects.

Residential Activity. The 2000/2001 fiscal year resulted in \$728 million in construction associated with residential development. Permits for all types of dwelling units (custom single family, production single family,

condominium, apartment, guest homes, residential additions) were down 20% from 1999/2000. However, total residential valuation only declined -1% due to residential market share increases by custom homes (+6%) and residential renovations (+39%). Residential valuation is anticipated to reach \$780 million in 2001/2002.

Residential renovations are anticipated to increase by 10% in 2001/2002 with average values reaching \$35,000. The area south of McDonald Drive in Scottsdale has 40,000 homes approaching 40 years of age offering housing \$150,000 to 250,000 for younger families wishing to locate in Scottsdale. This area of Scottsdale along with Tempe and Paradise Valley is increasingly becoming the residential location of choice for access to professional athletic events, live theatre, dining and entertainment.

Multifamily activity declined by -27% (1,181 units 2000/2001 vs. 1,607 units 1999/2000) for new unit absorption. 2001/2002 is anticipated to continue this absorption process with 1,000 to 1,200 new units.

Commercial Activity. Commercial activity reached \$311 million in 2000/2001 and is anticipated to reach \$350 to 400 million in 2001/2002. The Portales Condo, Retail/Hotel Phases along with the Scottsdale Waterfront, Promenade Phase II and Summit are anticipated to lead the commercial activity in 2001/2002. Industrial/Commercial renovation activity rose from \$11.5 million in 1999/2000 to \$41.7 million in 2000/2001 for a \$30.2 million increase (+263%) and is anticipated to reach \$50 million in 2001/2002. Scottsdale has seen considerable commercial development the past two years and more redevelopment and commercial activity is anticipated for the next several years.

Vacancy Rates. Commercial vacancy rates remained low over the past year, despite significant new construction. Office vacancies are estimated at 9 percent, retail vacancies at 6 percent and industrial vacancies at about 7 percent. A large amount of speculative construction has begun, but absorption remains strong, and therefore vacancy rates should remain low over the next year.

Job Growth. Scottsdale attracted 11 major new-targeted firms with over 2,600 new jobs in 2000/2001; even more important was that the average salary level of these jobs was \$72,500. Currently there are 15 active prospective firms looking at Scottsdale, with a potential for another 2,800 new jobs. Personal income growth benefits not only from the strong influx of population but also from some gains in higher wage jobs. Employment growth is expected to remain strong in almost every area with the greatest growth occurring in the biomedical industries and in corporate headquarters operations. Major new employers to announce moves to Scottsdale last year included Computer Guidance, Cyclone Commerce E-Funds, Phase 2, and HDS McKeelson.

Employment. Scottsdale remains a net importer of labor, as the number of jobs physically located in the City (about

145,000) far outweighs the local labor force (about 108,000). Scottsdale's unemployment rate is the lowest of any major city in the valley (currently at 2.3 percent), and is expected to remain around 2 percent through the end of 2001.

Tourism. The local tourism industry has begun to recover from the significant overbuilding that occurred in recent years, which drove occupancy rates down to 66 percent in 1999. The combination of no new construction and steady demand growth is now resulting in both occupancy and average room rate gains at local properties. The result has been an increase in bed tax revenues of 5 percent during 2000/2001. The long-term still looks very positive, and with a continued restraint on new construction, the outlook for 2001/2002 is good.

These factors contributed to Scottsdale's healthy economy in 2000/2001, and will likely continue to generate slow but positive growth into 2001/2002. Much of the revenue growth attributable to the economic resurgence of the past five years has been invested in City reserves to provide funding to maintain citizen services during times of fiscal uncertainty and to build contingency funding for infrastructure deterioration. The outlook is for slow growth in 2001/2002; however, Scottsdale's five-year financial plans and budget are premised upon conservative economic forecasts in anticipation of a softer economy in this year and beyond. These factors, coupled with an emphasis on long-range strategic planning which balances desired results with available resources, will enable Scottsdale to continue to grow and prosper over the next several years.

MAJOR INITIATIVES AND SERVICE EFFORTS AND ACCOMPLISHMENTS

During 2000/2001 we continued to invest in basic government service programs as well as amenities that define the special character of our City and will keep Scottsdale as a "livable" community for generations to come - a sustainable economic base, meaningful open space, neighborhood preservation, human services, cultural and arts programs.

Service efforts to shape and maintain Scottsdale as a sustainable community that were made in the past year include enhancements to the quality services we provide for our citizens; contributions made to environmentally and fiscally sound infrastructure; and, contributions toward building and maintaining a sustainable economic base. The following are some of the service efforts and accomplishments of City staff during 2000/2001:

Police

Completed construction and opened the 9,300 square foot Police District 3 Station located at Pima Road and Thompson Peak Parkway to serve Scottsdale's far north area in December 2000.

Initiated a pilot program known as "LOCK'EM OUT" to address the City's residential burglary rate. A collaborative

effort of the community, police and local businesses, the program increases citizens' knowledge of burglary prevention techniques while augmenting proven home security measures.

Received federal grants for 20 patrol officers and 7 narcotics officers leveraging over 2 million dollars in federal funds to meet community needs.

Fire

Rural/Metro's firefighters now have access to portable thermal imaging cameras, one of the most technologically advanced firefighting tools available. Thermal imagers allow firefighters to "see" heat through smoke-filled rooms and walls making it much quicker and easier to find a trapped person or the source of a hidden fire.

In December, residents in the North Scottsdale area welcomed the opening of the permanent fire Station #816 near Thompson Peak Parkway and Pima Road.

Financial Services

Received several rating upgrades. Most significantly the City now carries AAA rating (the highest rating possible) from all three of the major rating agencies for our general obligation bond debt.

The department coordinated the September, 2000 bond election. Voters authorized \$358.2 million of General Obligation debt for various purposes.

Implemented a new time and attendance system utilizing a large inter/intradepartmental team. This Citywide web application improves accuracy and eliminates many of the manual tasks of the prior paper process.

Transportation

The Cab Connection taxi voucher program for eligible seniors and disabled individuals was launched successfully with an unprecedented positive response.

The Department initiated a Major Investment Study to address the City's growing travel demand and to maintain the potential to connect to a regional transit system.

The first phase of the Traffic Management Center was completed, laying the groundwork for the next stage of the Intelligent Transportation System.

Community Services

Developed and implemented a new work order system providing improved productivity and more efficient deployment of maintenance staff in facilities, irrigation, grounds, and water systems.

Pinnacle Peak Park was dedicated to the City and the land for the trailhead was acquired from the State Land Department.

Opened La Mirada Desert Park, Phase I and began planning for Phase II in response to neighbors' requests.

Completed Apache Park and initiated development at Ironwood and Stonegate Parks.

Vista Del Camino assisted 2,351 families in need of emergency services for utility assistance, food boxes, and financial assistance to prevent eviction and homelessness.

The Library System expanded to 101 public access PCs in the Library that have Internet access, the library catalog, and electronic reference sources available.

Information Systems

Y2K Preparation – Completed all phases of Y2K preparation, remediation, replacement testing, and retesting to ensure the City was ready to handle all Y2K related issues or emergencies. There were very few problems reported, and all systems survived the date rollover.

Rollout 2000 – Completed the upgrade of existing software on all City computers, as well as installed new software that enhanced the daily work experience.

Credit Card Authorization – Partnered with Financial Services to implement a credit card authorization system. This system provides authorization for E-commerce applications, walk-up credit card authorization, voice response systems, and "cardless" applications.

Planning Systems

The CDS (Community Development System) combined all development information from preapplication to certificate of occupancy. The CDS system saves approximately 1,730 staff hours annually and provides 24-hour access to the organization and community.

Implementation of the new automated inspection scheduling request line provides 24-hour automated scheduling for building and encroachment permits, better service to customers, and a 5% reduction in phone calls to staff.

Preservation

Acquired 1,132 acres in 1999 and 532 acres in 2000 for inclusion in the McDowell Sonoran Preserve.

Completed construction of the first six (6) miles of trail in the Preserve in partnership with the McDowell Sonoran Land Trust.

Adopted new Chapter 21 Preserve Ordinance of the Revised Scottsdale City Code to guide use of and rules and regulations for the Preserve.

Completed 230 archaeology study reviews in the one and one-half years the archaeological resources ordinance has been in existence.

Water Resources

Acquired 12,500 acre-feet of additional Central Arizona Project surface water from the San Carlos Apache Tribe to continue to ensure that the City has a long-term renewable supply to meet all current and committed future of water demands.

Completed the 2001 Water Resources Master Plans, which provides policy guidance for the planning, programming and budgeting of the five-year capital program for the Water Resources Department.

Within the current Capital Program, completed the Northeast Wastewater Pump Station and the Water Campus Influent Pump Station, with its associated pipeline; acquired the site and initiated design of the Salt River Project (SRP) Water Treatment Plant; and completed the major pipeline and pump station necessary to transport Central Arizona Project (CAP) surface water north to Pinnacle Peak Road.

Municipal Services

Diverted approximately 27,408 tons of recyclable material from the landfill through Scottsdale's Curbside Recycling Program. This is approximately 30% of the residential wastestream, and enabled the City to avoid over \$532,000 in tipping fees. Nearly 99% of the City's residential households participate in the curbside program.

Negotiated a ten-year Intergovernmental Agreement with the Salt River Pima-Maricopa Indian Community for the sorting and marketing of the City's recyclables. This agreement guarantees Scottsdale will receive a minimum of \$5 per ton for the material collected from the curbside recycling program for the term of the contract. A permanent facility will be constructed at the Salt River Landfill. This ensures recycling services will be available to Scottsdale residents for the next ten years.

Created an Internet accessible map of construction projects for citizen use. The site's purpose is to inform citizens about City construction projects that affect traffic flow. The map includes the area of construction, a brief description of the project, completion dates, and whom to contact for further information.

Created a complete inventory of maintained paved and unpaved roads, shoulders, washes, streets swept, and developed a database to track daily crew and equipment activities. Reports indicating maintenance locations, intervals, and productivity are readily available for current and past activities. The system includes verification of public and private streets, washes, and maintenance responsibilities.

FOR THE FUTURE

This past year the Mayor and City Council co-created a mission statement as well as seven broad goal categories, which represent key interests and priorities of the Mayor, City Council, and reflect their constituency's suggestions and expectations for the future. Council's approvals of these Mission and Goal statements enable staff to create strategic plans and a programmatic budget that directly responds to the Council's and community's goals and expectations. Plans articulated in the 2001/2002 Budget and Five Year Balanced Financial Plan continue to support basic government services (roads, water, sewer, solid waste

management, public transit, parks and recreation, police, fire, etc.), while also addressing the City Council's broad goals and citizen expectations for the community. The following are the mission and broad goals identified by Scottsdale's Mayor and City Council:

Mission:

It is the mission of the City of Scottsdale to build citizen trust by fostering/practicing open, accountable, and responsive government; to provide quality services; to preserve Scottsdale's unique southwestern character; to plan and manage growth in harmony with its desert surroundings; and to promote livability by enhancing and protecting its neighborhoods. Quality of life for residents and visitors shall be the paramount consideration.

Broad Goals:

- A. Enhance and protect a diverse, family-oriented community where neighborhoods are safe and well maintained.
- B. Preserve the character and environment of Scottsdale.
- C. Provide for the safe, efficient and affordable movement of people and goods.
- D. Position Scottsdale for long-term economic prosperity by diversifying our economic resources.
- E. Coordinate planning to balance infrastructure and resource needs within budget.
- F. Make government accessible, responsive, and accountable so that pragmatic decisions reflect community input and expectations.
- G. Ensure Scottsdale is fiscally responsible and fair in its management of taxpayer money and City assets.

FINANCIAL INFORMATION

Internal Control. Management of the City of Scottsdale is responsible for establishing and maintaining a system of internal control. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: 1) the safeguarding of assets against loss from unauthorized use or disposition; and 2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. The City's internal accounting controls are considered to be adequate to safeguard the assets and provide reasonable assurance of proper recording of financial transactions.

Single Audit. As a recipient of federal, state, and county financial assistance, the City also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management and the internal audit staff of the City.

As part of the single audit, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs. The City’s single audit for the fiscal year ended June 30, 2001, provided no instances of material weaknesses in the internal control structure or significant violations of applicable laws and regulations.

Budgetary Control. The City also maintains budgetary controls. The objective of these controls is to ensure compliance with budgetary and legal provisions embodied in the annual appropriated budget approved by the City Council. The level of budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) is the total budget, as adopted.

Expenditure budgets are presented on a non-GAAP basis. This basis excludes items that are included on a GAAP basis, such as accruals and depreciation.

As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound financial management.

Revenues (in thousands of dollars)					
Classification	2001 Amount	Percent of Total	Increase (Decrease) From 2000 Amounts	Percentage Increase (Decrease) From 2000	
Taxes - Local	\$ 162,567	54.7%	\$ 6,550	4.2%	
Taxes - Intergovernmental	56,333	19.0%	\$ 3,526	6.7%	
Intergovernmental	14,721	5.0%	\$ 8,902	153.0%	
Special Assessments	3,026	1.0%	\$ (714)	-19.1%	
Licenses	1,676	0.6%	\$ (41)	-2.4%	
Charges for Services	19,877	6.7%	\$ 166	0.8%	
Fines and Forfeitures	4,894	1.6%	\$ (211)	-4.1%	
Use of Money and Property	15,443	5.2%	\$ 2,187	16.5%	
Developer Contributions and Reimbursements from					
Outside Sources	2,696	0.9%	\$ (2,495)	-48.1%	
Streetlight and Services Districts	973	0.3%	\$ 5	0.5%	
Other	14,922	5.0%	\$ (18)	-0.1%	
Total	\$ 297,128	100.0%	\$ 17,857	6.4%	

General Governmental Functions. The following schedule presents a summary of the General, Special Revenue, Debt Service, and Capital Projects Funds revenues for the fiscal year ended June 30, 2001, and the amount and percentage of increases and decreases in relation to prior year revenues.

The increase in General Governmental revenues was a result of Scottsdale’s strong economy. During the first eight months of the year Taxes-Local led by construction, automotive sales, and retail sales continued to increase. Taxes-Intergovernmental revenues also reflect a strong economy for the first eight months of the fiscal year and slowed in the remaining four months of

the year resulting in moderate growth for the year overall. Intergovernmental revenue increased significantly as the City’s Transit department received approximately \$5.7 million dollars in new federal grants. These transit grants were used to purchase buses to enhance the City’s current bus systems and the regional bus routes. Special Assessments decreased since no new assessment districts were formed. Fines and Forfeitures decreased as a result of lower revenues for the photo radar program. Use of money and property increased due to a combination of a favorable average interest rate of 6.09% and higher than expected principal balances. Reimbursements from Outside Sources decreased due to large one-time developer contributions to the Community Facilities Districts received in the prior fiscal year.

The following schedule presents a summary of General, Special Revenue, Debt Service, and Capital Projects Funds expenditures for the fiscal year ended June 30, 2001, and the amount and percentage of increases and decreases in relation to prior year expenditures.

General Government expenditures increased because of the cost of the addition of the Office of Diversity and Dialogue, repair and maintenance activity at WestWorld, and an expanded citizen outreach program. Police Department expenditures increased due to additional staff hired due to community growth and the addition of a third police station.

Transportation expenditures increased due to the purchase of 25 buses used to enhance and expand City and regional transit services. Community Services expenditures increased as a result of additional programs for children on school breaks, increased joint use library availability, and the development of a program for youth at risk. Municipal Services expenditures increased due to an increased level of street overlay activity. Streetlight and Services Districts added a new Enhanced Services District that accounted for the increased expenditures. Capital Improvements expenditures decreased due to fewer capital projects throughout the year.

Expenditures (in thousands of dollars)					
Department	2001 Amount	Percent of Total	Increase (Decrease) From 2000 Amounts	Percentage Increase (Decrease) From 2000	
General Government	\$ 17,504	5.5%	\$ 1,400	8.7%	
Police	45,860	14.3%	4,468	10.8%	
Financial Services	6,685	2.1%	237	3.7%	
Transportation	16,192	5.1%	8,857	120.7%

Total Fund Balances (Deficit) (in thousand of dollars)

Fund	June 30, 2000	June 30, 2001	Increase (Decrease)
General	\$ 75,522	\$ 74,542	\$ (980)
Special Revenue:			
Highway User	(403)	-	403
Community Development	(52)	(59)	(7)
Home	(36)	(16)	20
Grants	(293)	661	954
Section 8	(427)	(381)	46
Preserve Tax	3,430	11,545	8,115
Transportation Tax	5,818	1,413	(4,405)
Debt Service	7,024	9,682	2,658
Capital Projects	109,686	119,039	9,353
Total	\$ 200,269	\$ 216,426	\$ 16,157

result of a transfer to the Highway User Fund. The Grants Fund balance increased due to the accrual of receivables at the fiscal year-end for grants funds earned but not received. The Preservation Tax fund balance increased due to the accumulation of funds available for related debt service. The Transportation Tax fund balance decreased due to the transfer of funds to the capital projects funds to finance current projects throughout the City. The Debt Service Fund balance increased as a result of property tax and other revenues received in advance of debt service requirements and revised debt issuance schedules. The fund balance for Capital Projects increased as a result of bond sales and other revenues that will be spent on Capital improvements in subsequent years.

Proprietary Funds. Scottsdale's proprietary funds consist of Enterprise Funds and Internal Service Funds. The Enterprise Funds are comprised of the Water and Sewer Utility Fund, the Airport Fund, and the Solid Waste Fund. Enterprise Funds are used to account for operations: (a) that are financed and operated in a manner similar to proprietary (private business) enterprises where the intent is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis is to be financed or recovered primarily through user charges, or (b) it has been decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, or accountability.

General Governmental Fund Balances.

Fund balances reflect the accumulated excess of revenues and other financing sources over expenditures and other financing uses for general government functions. Unexpended appropriations lapse at the close of the fiscal year and revert to unreserved fund balance. The following schedule presents increases (decreases) in total fund balances at June 30, 2001, compared to the prior year.

The General Fund balance decreased due to the purchase of a parcel of land for redevelopment purposes and as a

The Internal Service Funds consist of the Fleet Management Fund and the Self-Insurance Fund. Internal Service Funds account for services and/or commodities provided by one department or agency to other departments or agencies of the City, on a cost-reimbursement basis.

Retained Earnings (Accumulated Deficit) (in thousands of dollars)			
Fund	June 30, 2000	June 30, 2001	Increase (Decrease)
Water and Sewer Utility	\$255,886	\$288,830	\$32,944
Airport	259	650	391
Solid Waste	2,816	3,954	1,138
Fleet Management	17,954	20,294	2,340
Self-Insurance	2,529	7,601	5,072
Total	\$279,444	\$321,329	\$41,885

This schedule presents retained earnings (accumulated deficits) for the year compared to the prior year for the Proprietary Funds.

The retained earnings increase for the Water and Sewer Utility Fund is due to a combination of customer base increases, service rate increases and increased usage because of dry weather. Water and Sewer retained earnings is intended to provide financial reserves for infrastructure repair and replacement as well as funding for significant infrastructure expansion needs for the future. The Airport retained earnings increased due to contributions from the General Fund and Transportation Tax Fund. Solid Waste retained earnings increased due to customer base increases and service rate increases.

The Fleet Management Fund retained earnings continue to increase because of the City's policy of requiring operating transfers to fund new vehicle purchases. The retained earnings will be used to replace these vehicles in subsequent years. The Self-Insurance Fund increased due to a favorable claim year and a change in accounting policy. In prior years activities for self-insured benefits were accounted for in the General Fund.

Debt Administration. At June 30, 2001, the City had outstanding debt issues of \$622,434,000. The chart shows the breakdown.

During the 2000/2001 fiscal year, \$35,000,000 general obligation bonds were issued. This past spring, Scottsdale joined a handful of municipalities across the country in achieving the highest possible rating from all three major credit rating agencies for its General Obligation Bonds. The City received bond ratings of Aaa from Moody's Investor Service, AAA rating from Fitch Investors Service, Inc., and AAA rating by Standard and Poor's for general obligation bonds this past fiscal year. This represents the highest

Debt (in thousands of dollars)	Principal Balance June 30, 2001
General Obligation Bonds	\$284,553
Revenue Bonds	91,750
Scottsdale Municipal Property Corporation Bonds	59,250
Preserve Authority Bonds	91,965
Special Assessment Bonds	7,681
Community Facilities District Bonds	35,095
Contracts	23,390
Capital Leases	28,750
Total	\$622,434

combined rating of any City in Arizona, and one of the highest combined ratings for any city in the country. General obligation debt is serviced by secondary property taxes. Revenue-supported debt is serviced with the user fees associated with the particular fund activity.

Under Arizona law, cities can issue general obligation bonds for purposes of water, sewer, artificial light, open space, parks, playground, and recreational facilities up to an amount not exceeding 20 percent of the secondary assessed valuation of all properties in the City, and general obligation bonds for all purposes other than those listed up to an amount not exceeding 6 percent of the secondary assessed valuation. At June 30, 2001, the City's 20 percent debt limitation was \$575,547,000, providing a debt margin of \$379,974,000, and the 6 percent debt limitation was \$172,664,000, providing a debt margin of \$95,547,000.

Cash Management. Cash temporarily idle during the year, excluding that of the Municipal Property Corporation (MPC), and the Community Facilities Districts, was invested primarily in the State Treasurer's Local Government Investment Pool and mutual funds whose portfolios consist solely of U.S. Government Treasury and Agency securities. In addition, amounts were directly invested in obligations of the U.S. Treasury and its agencies, demand deposits, and repurchase agreements. The City utilizes a pooled cash concept in order to invest greater amounts of cash at one time and therefore receives more favorable interest rates. The average yield on pooled investments for the 2000/2001 fiscal year was 6.09 percent, and the average daily investment balance was \$385,359,536.

Scottsdale's investment policy is to invest all of the City funds at the highest available interest rate, assuring that all monies are fully secured with emphasis on safety of principal, liquidity, and financial return on principal, in that order.

Risk Management. The City is exposed to various risks of loss related to public, property, and aviation liability, and workers compensation. Public liability includes public officials' errors and omissions, automobile and general liability. The City is self-insured for the first \$1,000,000 of public liability, the first \$50,000 of property liability, and the first \$250,000 of workers compensation. Coverage in excess of these respective amounts is provided through the purchase of commercial insurance. During the fiscal year ending June 30, 2001 there was no significant reduction in excess insurance coverage. Additionally, settlements for each of the past three fiscal years have not exceeded the City's excess insurance coverage amounts.

Scottsdale has an aggressive safety program which promotes employee safety on the job and focuses on risk control techniques designed to minimize accident-related losses. In addition to the safety program's preventative measure, the Risk Management division investigates every claim and arbitrates each loss in order to minimize the City's liability exposure.

OTHER INFORMATION

Independent Audit. City Charter requires an annual audit by independent certified public accountants. The accounting firm of Cronstrom & Trbovich has been selected by the City Council to audit from 2001 to 2006. The auditors' report is included in the financial section of this report.

In addition to this report, the auditors were also contracted to perform the Single Audit of the City's federal grant programs. This audit was designed to meet the requirements for non-Federal entities that administer Federal awards and implement the Single Audit Act amendments of 1996. Due to the size and complexity of the City's financial system, the single audit report is issued separately from this financial report. Copies are available upon request.

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Scottsdale for its comprehensive annual financial report for the fiscal year ended June 30, 2000. This was the 28th consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgment. The preparation of this report could not have been accomplished without the dedicated service of the entire staff of the Accounting and Budget division, the assistance of administrative personnel in the various departments, and through the competent service of our independent auditors. I also wish to express my sincere appreciation to the City Council, the City Manager, and the Assistant City Managers for their interest and support in planning and conducting the financial affairs of the City in a responsible and progressive manner.

Respectfully submitted,

James A. Jenkins, General Manager
Financial Services Department and City Treasurer

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Scottsdale,
Arizona

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2000

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Anne Spray Kinney
President

INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and the City Council of the
City of Scottsdale, Arizona

We have audited the accompanying general-purpose financial statements and combining and individual fund and account group financial statement of the City of Scottsdale, Arizona (City), as of and for the year ended June 30, 2001, as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of Scottsdale Water Service Company Limited Partnership which were combined with the financial statements of Scottswater Company, Inc. a component unit, and the Los Arcos Multi-Purpose Facilities District, a component unit, were not audited in accordance with *Government Auditing Standards* and, accordingly, this report does not extend to the financial statements of Scottsdale Water Service Company Limited Partnership and the Los Arcos Multi-Purpose Facilities District. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Scottsdale, Arizona as of June 30, 2001, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, based on our audit, the combining and individual fund and account group financial statements of the City of Scottsdale, Arizona, present fairly, in all material respects, the financial position of each of the individual funds and account groups as of June 30, 2001, and the result of operations of such funds and the cash flows of individual proprietary funds for the year then ended in conformity with generally accepted accounting principles.

As discussed in Notes 2 and 20 to the financial statements, adjustments were made by the City to reflect a change in accounting policy and to correct errors in the previously issued financial statements.

Our audit was performed for the purpose of forming an opinion on the general-purpose financial statement and on the combining and individual fund and account group financial statements taken as a whole. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the City of Scottsdale, Arizona. The supplemental schedules are also the responsibility of the management of the City of Scottsdale, Arizona. Such additional information has been subjected to the auditing procedures applied in our audit of the general-purpose, combining, and individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the financial statements of each of the respective individual funds and account groups taken as a whole.

The other information included in this report, designated as the "Statistical Section" in the table of contents, was not audited by us and, accordingly, we express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated September 14, 2001 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Cronstrom & Trbovich, P.C.

SEE NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

The City of Scottsdale (City) was incorporated in 1951. The current City Charter was adopted in 1961, which established the Council/Manager form of government. The City provides basic government services to its citizens including roads, water, sewer, solid waste management, public transit, parks and recreation facilities, police and fire.

The accounting policies of the City conform to generally accepted accounting principles (GAAP) as applicable to governmental units. The following is a summary of the more significant policies.

A. Financial Reporting Entity

The financial reporting entity presented in these financial statements consists of the City of Scottsdale (the primary government) and its component units. The component units discussed below are included in the City’s reporting entity because of the significance of their operational or financial relationships with the City.

1. Individual Component Units - Blended

- The City of Scottsdale Municipal Property Corporation (MPC), a nonprofit corporation, was created by the City in 1967 solely for the purpose of constructing, acquiring and equipping buildings, structures, or improvements on land owned by the City. The MPC is governed by a Board of Directors appointed by the City Council. For financial reporting purposes, transactions of the MPC are included as if it were part of the City’s operations.
- The Scottsdale Preserve Authority (SPA), a nonprofit corporation, was created by the City in 1997 for the purpose of financing land acquisitions for the McDowell Sonoran Preserve. The City Council must approve the election of the SPA’s Board of Directors. For financial reporting purposes, transactions of the SPA are included as if it were part of the City’s operations.
- Scottsdale Mountain, McDowell Mountain Ranch, DC Ranch, and Via Linda Road Community Facilities Districts were formed by petition to the City Council in 1992, 1994, 1997, and 1998 respectively. The Districts’ purposes are to acquire and improve public infrastructure in specified land areas. As special purpose districts and separate political subdivisions under the Arizona Constitution, the Districts can levy taxes and issue bonds independently of the City. Property owners in the designated areas are assessed for District taxes and thus for the costs of operating the Districts. The City Council serves as the Board of Directors. The City has no liability for the Districts’ debt. For financial reporting purposes, transactions of the Districts are combined together and included as if they were part of the City’s operations.
- Separate financial statements of the MPC, SPA and Scottsdale Mountain, McDowell Mountain Ranch, DC Ranch, and Via Linda Road Community Facilities Districts may be obtained at the City’s Financial Services Department, Accounting and Budget Division, 7447 East Indian School Road, Suite 210, Scottsdale, Arizona 85251.

2. Individual Component Unit - Discrete

The component unit columns in the combined financial statements reflects the financial data of Scottswater Company, Inc. (the Company) and the Los Arcos Multi-Purpose Facilities District (the District) as described below. The Company and the District are reported as a proprietary fund and a governmental fund, respectively in separate columns to emphasize they are legally separate from the City.

- The Company is a nonprofit corporation established by the City Council in 1993 to act as the general partner in the Scottsdale Water Service Company Limited Partnership (the Partnership). The City Council appoints and approves the Company’s Board of Directors and nominates Company officers. The Partnership itself manages and operates a Central Arizona Project water treatment plant that, in conjunction with other City facilities, provides water and water services to Scottsdale citizens. All expenses of operating the water treatment plant are paid by the Partnership, and reimbursed by the City via a service agreement with the Partnership.

The financial information reported for the Company includes the consolidated activity of the Company and the Partnership. Both entities have a fiscal year end of December 31; therefore, the component unit column presents financial statements as of and for the year ended December 31, 2000. For additional discussion of the Company and disclosures regarding the amounts presented in the component unit column, refer to Note 21.

Separate financial statements of the Company, and the Partnership for the year ended December 31, 2000, may be obtained from the City’s Financial Services Department, at 7447 E. Indian School Road, Suite 210, Scottsdale, AZ 85251.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

A. Financial Reporting Entity (continued)

- The City of Scottsdale created the Los Arcos Multipurpose Facilities District on December 17, 1998 to finance the construction of a multipurpose arena, stadium or similar facility. In a May 18, 1999 election the citizens upheld the formation of the District. The Board of Directors for the District will consist of two members appointed by the governing body of each municipality participating in the District. On November 2, 1999, the voters approved the District to use 50 percent of the state sales tax revenue generated by all businesses operating at a multipurpose facility to finance an arena, entertainment and retail project.

The financial information presented for the District in the component unit column is for the fiscal year ended June 30, 2001. For additional discussion of the District and disclosures regarding the amounts presented in the component unit column, refer to Note 20.

Separate financial statements of the District for the year ended June 30, 2001, may be obtained from the City's Financial Services Department at 7447 E. Indian School Road, Suite 210, Scottsdale, AZ., 85251.

B. Fund Accounting

The accounts of the City are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue, and expenditures or expenses. The various funds are summarized by type in the financial statements. The following fund types and account groups are used by the City:

Governmental Fund Types

Governmental funds are those through which most governmental functions typically are financed. The acquisition, use, and balances of the government's expendable financial resources and the related current liabilities, except those accounted for in proprietary funds, are accounted for through governmental funds.

Governmental funds are, in essence, accounting segregations of financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are to be paid; and the difference between governmental fund assets and liabilities, the fund equity, is referred to as "Fund Balance".

The governmental fund measurement focus is on determining financial position and changes in financial position rather than on net income. The statement of revenues, expenditures, and changes in fund balance is the main governmental fund operating statement.

- **General**

The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

- **Special Revenue**

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

- **Debt Service**

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

- **Capital Projects**

Capital Projects Funds account for the resources used to acquire, construct and improve major capital facilities, other than those financed by proprietary funds. Capital Projects Funds allow the City to compile project cost data and demonstrate that legal or contractual requirements, regarding the use of the resources, are fully satisfied.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

B. Fund Accounting (continued)

Proprietary Fund Types

Proprietary Funds account for ongoing activities that are similar to those often found in the private sector. All revenues and expenses, including capital construction and issuing and repaying debt, and the assets, liabilities, and equities associated with such business-type activities, are recorded in proprietary funds. The measurement focus of these funds, in contrast with the governmental funds, is on determining net income, financial position, and cash flows.

- **Enterprise**

Enterprise Funds account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the City is that the expenses of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the City has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy or management control.

- **Internal Service**

Internal Service Funds account for the financing of goods or services provided by one department or unit to other departments or units of the City, on a cost-reimbursement basis.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB Statement No. 20 requires that proprietary activities apply all applicable GASB pronouncements and certain other pronouncements issued by other standard-setting entities [specifically, Statements and Interpretations of the Financial Accounting Standards Board (FASB), Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements]. The City has the option to apply, to its proprietary activities, FASB Statements and Interpretations issued after November 30, 1989, unless the FASB pronouncements conflict with or contradict GASB pronouncements. The City has elected not to implement FASB Statements and Interpretations issued after November 30, 1989.

Fiduciary Fund Types

Fiduciary funds account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

- **Expendable Trust Funds**

The City's Expendable Trust Fund accounts for assets held in a trustee capacity for libraries, the arts, parks, memorials, and other purposes as designated by the donors or by legal restrictions. Both the principal and earnings of these expendable trust funds can be expended for the trusts' intended purposes. Expendable trust funds use the same flow of current financial resources measurement focus and modified accrual basis of accounting used by governmental funds.

- **Non-Expendable Trust Funds**

The City does not have any non-expendable trust funds as of June 30, 2001.

- **Agency**

Agency funds are purely custodial (assets equal liabilities) and do not involve measurement of results of operations. The City's agency funds are used to record the Family Self-Sufficiency activity and Retainage Escrow activity.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

B. Fund Accounting (continued)

Account Groups

Account groups are not funds but are sets of self-balancing accounts used to record a government's general fixed assets and general long-term debt.

- **General Fixed Assets**

This account group provides a record of all fixed assets of the City, other than those recorded directly in the proprietary funds.

- **General Long-Term Debt**

This account group provides a record of all unmatured principal of the City's long-term debt. Community facilities districts debt is included in this account group as required by generally accepted accounting principles, since the districts are component units of the City. Long-term debt that is paid out of the enterprise funds is not recorded in the general long-term debt account group, but is recorded directly in the enterprise funds.

C. Basis of Accounting

The City uses the modified accrual basis of accounting for its governmental and expendable trust funds, and for recording the assets and liabilities of the agency fund. Under the modified accrual basis of accounting, revenue is recorded only when it can be measured and is available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is created—that is, when payment for the event or transaction (such as goods received or services rendered) is expected to draw upon current spendable resources.

Property tax, transaction privilege tax, franchise fees, hotel/motel transient occupancy tax, and investment earnings are recorded using the modified accrual basis, when such revenues are both measurable and available. However, licenses and permits, charges for services, fines and forfeitures, and miscellaneous revenue are recorded as revenue when received in cash because they are generally not measurable until actually received.

In recording intergovernmental revenue, the City distinguishes between two types. In the first type, the City must expend funds for specific purposes before any revenue is paid to the City. This type of revenue is recognized based upon appropriate expenditures recorded. In the other type, monies are unrestricted as to purpose of expenditure and can be revoked only if the City fails to comply with certain requirements, e.g., equal employment opportunity. These revenues are recorded when received, or earlier if they meet the criteria of being measurable and available.

The proprietary fund types use the accrual basis of accounting. Under accrual accounting, revenue is recognized when earned and expenses are recognized when incurred.

D. Budget And Budgetary Accounting

The City prepares a biennial budget that covers fiscal year 1999/00 and 2000/01. The 2000/01 budget appropriation is established and reflected in the financial statements as follows:

- The City Council formally adopts the budget and legally allocates, or appropriates, available monies for the General Fund, Highway User Fuel Tax Special Revenue Fund, Debt Service Funds (except for the Community Facilities Districts Debt Service Fund), and Enterprise Funds. Therefore, these funds have appropriated budgets, and budget to actual information is presented.
- The Community Development, Home, Grants, and Section 8 Special Revenue Funds, Community Facilities Districts Funds, Capital Projects Funds, Internal Service Funds, and Trust and Agency Funds have non-appropriated budgets. Accordingly, no comparison of budget to actual is presented in the financial statements for these funds. Budgets for the Community Development, Grants, and Section 8 Funds are established pursuant to the terms of the related grant awards. Budgets for the Community Facilities Districts are established in accordance with Arizona Revised Statutes, which do not require their inclusion in the City budget or adoption by the City Council. Budgets for Capital Projects Funds are established for individual projects and unexpended funds are reappropriated each year until the project is completed and capitalized. Budgets for Internal Service Funds are established in order to help departments control operational costs. Budgets for Trust and Agency Funds are established in accordance with the trust/agency agreements.
- On or before the second regular Council meeting in May, the City Manager submits to the City Council a proposed budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

D. Budget and Budgetary Accounting (continued)

- Two public hearings are held prior to the budget’s final adoption in order to obtain taxpayer comments.
- At the first regular Council meeting in June, the budget is legally enacted through passage of an ordinance. The ordinance sets the limit for expenditures during the fiscal year. Additional expenditures may be authorized for expenditures directly necessitated by a natural or man-made disaster as prescribed in the State Constitution, Article 9, Section 20. During 2000/01, there were no supplemental budgetary appropriations to the original budget.
- The expenditure appropriations in the adopted budget are by department. The maximum legal expenditure permitted for the fiscal year is the total budget as adopted. Departmental appropriations may be amended during the year.
- Upon the recommendation of the City Manager, and with the approval of the City Council: (1) transfers may be made from the appropriations for contingencies to departments; and (2) unexpended appropriations may be transferred from one department to another.
- Management control of budgets is further maintained at a line item level within the department.
- All expenditure appropriations which have not been expended lapse at year end.
- Certain differences exist between the basis of accounting used for budgetary purposes and that used for reporting in accordance with generally accepted accounting principles. These differences are described in Note 3.

E. Encumbrances

Beginning July 1, 1998, the City discontinued the use of encumbrance accounting. As such, fund balance amounts are not reserved for purchase orders, contracts, and other commitments.

F. Cash Equivalents

Cash equivalents for purposes of the statements of cash flows are investments (including restricted assets) in the State of Arizona Local Government Investment Pool, mutual funds, demand deposits, repurchase agreements, and U.S. Treasury bills and notes with maturities of three months or less at acquisition date.

G. Investments

GASB Statement No. 31 provides that governmental entities may report all investments at fair value or they may elect to report certain money market investments and participating interest-earning investment contracts at amortized cost. The City has elected to report all investments at fair value. The City’s policy is to invest in certificates of deposit, repurchase agreements, direct U.S. Treasury debt, securities guaranteed by the United States Government or any of its agencies, and the State of Arizona Local Government Investment Pool (“LGIP”). The LGIP is overseen by the State of Arizona. The fair value of each share in the LGIP is \$1.

H. Inventories

The costs of inventory items are recorded under the consumption method as expenditures when consumed for financial statement purposes. Supplies inventory is included on the balance sheet of the General Fund and the Fleet Management Internal Service Fund. Inventories are valued at year-end based on cost, with cost determined using an average cost method.

I. General Fixed Assets

General fixed assets are all land, buildings, and equipment that have been acquired or constructed for general governmental purposes. General fixed assets are recorded as expenditures in the governmental funds when purchased or constructed, and are capitalized at historical cost in the General Fixed Assets Account Group.

Contributed (donated) fixed assets are recorded by reference to historical costs of the donor if recently purchased or constructed, or if such records are not available, at estimated fair market value on the date of receipt.

It is the City’s policy to include public domain fixed assets, such as roads, bridges, streets, and similar items in the General Fixed Assets Account Group.

Depreciation is not recorded on general fixed assets.

General fixed assets sold or otherwise disposed of are eliminated from the accounts.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

J. Property, Plant, And Equipment - Proprietary Fund Types

Property, plant, and equipment of the Enterprise and Internal Service Funds are recorded directly in those funds at actual cost, whether purchased or constructed.

Fixed assets contributed (donated) to those funds are recorded by reference to historical costs of the donor if recently purchased or constructed, or if such records are not available, at estimated fair market value on the date of receipt.

Contributions of funds from federal, state, or local grants, subdivider infrastructure, and developer fees restricted for the purpose of purchasing property, plant, or equipment are recorded as contributed capital.

Depreciation and amortization of all proprietary fund assets are recorded and calculated using the straight-line method over the following estimated useful lives:

Water System	10 to 75 Years
Sewer System	25 to 50 Years
Buildings and Improvements	25 Years
Land Improvements	25 Years
Machinery and Equipment	20 Years
Motor Vehicles	3 to 10 Years
Furniture, Fixtures, and Office Equipment	5 to 10 Years

Depreciation of contributed assets is recorded as an expense and is closed to the respective fund’s contributed capital account.

The excess purchase price over fair market value of assets acquired in the Water and Sewer Utility Enterprise Fund is amortized on the straight-line method over 20 to 25 years.

When fixed assets of proprietary fund types are disposed of, the cost and accumulated depreciation or amortization is removed from the accounts, and any resultant gain or loss is recognized.

K. Transactions Between Funds

Transactions that would be treated as revenue, expenditures, or expenses if they involved organizations external to the governmental unit are accounted for as revenue, expenditures, or expenses in the funds involved. Transactions which constitute reimbursements of a fund for expenditures or expenses initially made from that fund which are properly applicable to another fund are recorded as expenditures or expenses in the reimbursing fund and as reductions of the expenditure or expense in the fund that is reimbursed, except for indirect cost allocations, which are recorded as revenue and expenses in the appropriate funds.

Nonrecurring or non-routine transfers of equity between funds are treated as residual equity transfers and are reported as additions to or deductions from the beginning fund balance of governmental funds. Residual equity transfers to proprietary fund types are treated as contributed capital, and such transfers from proprietary fund types are reported as reductions of retained earnings or contributed capital as is appropriate in the circumstances. All other transactions are treated as operating transfers and are included in the results of operations of both governmental and proprietary fund types.

Indirect administrative costs are allocated to the Enterprise Funds by applying an indirect cost rate to budgeted costs. The indirect cost rate is the ratio of indirect operating services to direct operating services. Indirect operating services are budgetary units that only support or serve other City units. Direct operating services are budgetary units that only support or serve the public. Internal Service Fund budgetary units and debt service costs are excluded from the indirect cost rate calculation.

L. Funds Servicing Long-Term Debt

The City accumulates the resources to pay, and records the payments of principal, interest, and fiscal charges on long-term debt primarily in the City’s Debt Service Funds. The City’s Debt Service Funds consist of five individual debt service funds:

- General Obligation - Accounts for those general obligation bonds that are repaid through the general resources of the City.
- Municipal Property Corporation (MPC) - Accounts for bonds issued by the MPC, which are repaid through collections of transaction privilege tax (sales tax) and other unrestricted revenues.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

L. Funds Servicing Long-Term Debt (continued)

- Scottsdale Preserve Authority - Accounts for bonds issued by the SPA, which are repaid through collections of a two tenths of one percent City sales tax approved by voters in September 1996 to be used specifically for this purpose.
- Special Assessments - Accounts for and services all special assessment bonds, which are paid via assessments on the property owners.
- Community Facilities Districts (CFD's) - Accounts for all debt issued by the CFD's and repaid through property taxes collected from property owners residing within the District. CFD debt is included in accordance with generally accepted accounting principles since the districts are component units of the City.

In addition, the City accounts for other debt as follows. Payments of principal and interest on contracts that are funded by general revenues are recorded in the General Fund. Payments of principal and interest on contracts funded by the McDowell Mountain privilege tax are recorded in the Preserve Tax Special Revenue Fund. Payments on bonds funded by Highway User revenues are reported in the Highway User Fuel Tax Special Revenue Fund. Finally, the Enterprise Funds account for and service the bonds and contracts paid out of revenues of those funds.

M. Compensated Absences

Compensated absences consist of vacation leave and a calculated amount of sick leave earned by employees based on services already rendered. Employees may accumulate up to a maximum number of hours of vacation depending on years of service, but any vacation hours in excess of the maximum amount unused at year end are forfeited. The City's policy is to pay employees for unused accumulated vacation hours at termination or retirement. Sick leave time can be accumulated without limit. The City's policy, however, is that only those employees hired full-time before July 1, 1982 are paid for unused sick leave at death or retirement. Employees who retire on or after July 1, 1996, and who have accumulated 300 or more hours of sick leave, may elect to apply the value of the sick leave toward their City medical plan premiums. The amount of both types of compensated absences expected to be paid using expendable available financial resources is recorded as a current liability at June 30 in the governmental and proprietary funds. The City calculates this current amount based on vacation taken and an actuarial valuation dated January 1, 1998 for medical leave conversion. The remaining noncurrent amount of compensated absences is recorded in the General Long-Term Debt Account Group (GLTDAG). There is no long-term liability for compensated absences in the proprietary funds.

N. "Memorandum Only" Comparative Total Columns

Total columns for the current and prior year for the City (the primary government) are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Total columns for the current year only are also presented for the reporting entity (the City and the discretely presented component units).

Data in the "memorandum only" columns do not present financial position, results of operations, or cash flows in accordance with generally accepted accounting principles. The totals do not represent consolidated financial information, and interfund eliminations have not been made.

NOTE 2 – CHANGE IN ACCOUNTING POLICY AND PRIOR PERIOD ADJUSTMENT

The City changed the fund used to account for self-insured benefits for the year ended June 30, 2001. In prior years the activity had been accounted for in the General Fund. The activities are recorded in the Self-Insurance Fund for the fiscal year ended June 30, 2001. In addition, two prior period adjustments were made to the General Fund and Los Arcos Multipurpose Facilities District to correct errors made in previous years. See Note 20 for the adjustment to the Los Arcos Multi-Purpose Facilities District. The changes to beginning fund balance/retained earnings are as follows:

	General Fund	Fleet Management Fund	Self-Insurance Fund	Total Internal Service Funds
Fund Balance/Retained Earnings, July 1	\$ 75,522	\$ 17,954	\$ 2,529	\$ 20,483
Change in Accounting Policy	-	-	4,087	4,087
Prior Period Adjustment	3,374	-	-	-
Fund Balance/Retained Earnings as restated, July 1	<u>\$ 78,896</u>	<u>\$ 17,954</u>	<u>\$ 6,616</u>	<u>\$ 24,570</u>

NOTE 3 - BUDGETARY BASIS OF ACCOUNTING

The City's financial transactions are presented in accordance with generally accepted accounting principles (GAAP) in the Combined Statement of Revenues, Expenditures, and Changes in Fund Balances - All Governmental Fund Types, and in the Combined Statement of Revenues, Expenses, and Changes in Retained Earnings (Accumulated Deficit) - Enterprise Fund.

However, the City prepares its budget on a basis that differs from GAAP. Therefore, the City's budget, and essentially the same transactions as shown in the above statements, are presented in the Combined Statement of Revenues, Expenditures, and Changes in Fund Balances (Deficits) - Budget and Actual - Budget Basis - General, Special Revenue, and Debt Service Funds; and in the Combined Statement of Revenue and Expenditures - Budget and Actual - Budget Basis - Enterprise Fund, but on a budgetary basis, to provide a meaningful comparison of actual results with the budget.

- The major differences between the GAAP and budget basis - Funds, activities, and accounts that are not budgeted, or that do not have appropriated budgets, are appropriately included on the GAAP-basis statements, but do not appear on the budget-basis statements.
- Certain revenues, expenditures, and transfers are accrued on the GAAP basis but are not recognized in the budgetary year.
- Indirect administrative cost allocations (including in-lieu property tax and franchise fees) charged to the Enterprise Funds are recognized as revenues and expenses on the GAAP basis but are accounted for as transfers in or out in the budgetary process.
- Capital outlays not recognized as GAAP expenses in the Enterprise Funds are recognized as expenses for budget purposes.
- Debt service principal payments in the Enterprise Funds are not recognized on the GAAP basis but are recognized as expenses for budget purposes.

Schedules present the adjustments necessary to reconcile total revenues, expenditures, other sources (uses), and fund balances (deficit) as shown on the GAAP basis statement to the budget basis statement for the General, Special Revenue, and Debt Service Funds.

Total Revenues (in thousands of dollars)	General	Special Revenue	Debt Service
GAAP Basis - Combined Statement of Revenues, Expenditures, and Changes in Fund Balances	\$ 181,316	\$ 68,822	\$ 36,843
Deduct revenues for which appropriated annual budgets are not prepared:			
Streetlight and Services Districts, and Community Facilities Districts	(973)	-	(3,352)
CDBG, Home, Grants, Section 8 Special Revenue Funds & other miscellaneous revenue	-	(14,886)	-
Deduct items recorded as revenues for GAAP purposes that are recorded as operating transfers in, from the Enterprise Fund, for budget purposes:			
Indirect costs	(6,708)	-	-
Franchise fees	(4,371)	-	-
In-lieu property tax	(2,251)	-	-
Unrealized Gain on Investments	(1,048)	-	-
Total reconciling items	(15,351)	(14,886)	(3,352)
Budget Basis - Combined Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual Basis	\$ 165,965	\$ 53,936	\$ 33,491

NOTE 3 - BUDGETARY BASIS OF ACCOUNTING (CONTINUED)

Total Expenditures (in thousands of dollars)	General	Special Revenue	Debt Service
GAAP Basis - Combined Statement of Revenues, Expenditures, and Changes in Fund Balances	\$ 157,113	\$ 39,077	\$ 49,734
Deduct expenditures of districts/funds for which appropriated budgets are not prepared:			
Streetlight and Services Districts, and Community Facilities Districts	(977)	-	(2,624)
CDBG, Home, Grants, & Section 8 Special Revenue Funds	-	(14,663)	-
Items recorded as expenditures for GAAP purposes that are not recognized for budget purposes:			
Deduct increase in compensated absences	(876)	(63)	-
Total reconciling items	(1,853)	(14,726)	(2,624)
Budget Basis - Combined Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual Basis	\$ 155,260	\$ 24,351	\$ 47,110
Total Other Sources (Uses) (in thousands of dollars)	General	Special Revenue	Debt Service
GAAP Basis - Combined Statement of Revenues, Expenditures, and Changes in Fund Balances	\$ (28,557)	\$ (24,619)	\$ 15,548
Add items recorded as revenues for GAAP purposes that are recorded as operating transfers in from the Enterprise Fund for budget purposes:

NOTE 3 - BUDGETARY BASIS OF ACCOUNTING (CONTINUED)

Adjustments necessary to reconcile the revenues and expenses for the Enterprise Fund as presented on the GAAP basis statement to revenues and expenses shown on the budget basis statement are as follows:

Revenues (in thousands of dollars)	Enterprise
GAAP Basis - Combined Statement of Revenues, Expenses, and Changes in Retained Earnings (Accumulated Deficit)	
Operating revenues	\$ 104,566
Non-operating revenues - interest	13,468
Litigation Recovery	927
Operating transfers in	<u>653</u>
Total revenues and transfers in	119,614
Deduct revenue received for non-budgeted funds	(3,903)
Deduct interest earnings on bond funds not recognized as income for budget purposes	<u>(4,512)</u>
Total reconciling items	(8,415)
Budget Basis - Combined Statement of Revenues and Expenses - Budget and Actual	<u>\$ 111,199</u>
Expenses (in thousands of dollars)	
GAAP Basis - Combined Statement of Revenues, Expenses, and Changes in Retained Earnings (Accumulated Deficit)	
Operating expenses	\$ 88,023
Non-operating expenses - interest	6,069
Operating transfers out	<u>858</u>
Total expenses and transfers out	94,950
Deduct items recorded as GAAP expenses that are not recognized as expenses or transfers for budget purposes:	
Compensated absences	(200)
Depreciation and amortization	(18,990)
Transfers Out	(2)
Add items recorded as expenses for budget purposes that are not recognized as expenses for GAAP purposes:	
Capital outlay	602
Debt service principal payments	7,904
Deduct expenses related to non-budgeted activity	<u>(4,129)</u>
Total reconciling items	<u>(14,815)</u>
Budget Basis - Combined Statement of Revenues and Expenses - Budget and Actual	<u>\$ 80,135</u>

NOTE 4 - PROPERTY TAX

Property taxes are recognized as revenue on the modified accrual basis, i.e., when both measurable and available. Property taxes levied in August 2001 are not available for 2000/01; accordingly, such taxes will not be recognized as revenue until 2001/02. Prior year levies were recorded using these same principles, and remaining receivables from such levies are also recognized as revenue, when available.

The City's property tax is levied each year on or before the third Monday in August based on the previous January 1 full cash value as determined by the Maricopa County Assessor. Levies are due and payable in two installments, on October 1 and March 1, and become delinquent on November 1 and May 1, respectively. A lien attaches to the property on the first day of January preceding the assessment and levy of taxes. Delinquent amounts bear interest at the rate of 16 percent. Maricopa County, at no charge to the taxing entities, bills and collects all property taxes. Public auctions of properties which have delinquent real estate taxes are held in February following the May 1 date upon which the second half taxes become delinquent.

Property taxes levied for current operation and maintenance expenses on residential property are limited to 1.0 percent of the primary full cash value of such property. In addition, taxes levied for current operation and maintenance expenses on all types of property are limited to a maximum increase of 2.0 percent over the prior year's levy, adjusted for new construction and annexations.

Property taxes levied to pay principal and interest on bonded indebtedness are not limited.

NOTE 5 - CASH AND INVESTMENTS

The City maintains a cash and investment pool for use by all funds except the Municipal Property Corporation and Community Facilities Districts Funds, which have investments held separately by a trustee.

Deposits

At June 30, 2001, the carrying amount of the City's deposits was \$4,914,586, and the bank balance was \$13,049,309. The \$8,134,723 difference represents outstanding checks and other reconciling items. Of the bank balance, \$4,731,342 was covered by federal depository insurance or by collateral held by the City's agent in the name of the City. The remaining balance of \$8,317,967 was collateralized with securities held by the pledging financial institution's trust department or agent in the City's name.

Investments

City Charter, Ordinance, and Trust Agreements authorize the City to invest in obligations of the U.S. Treasury, U.S. Government agencies, Certificates of Deposit, bankers' acceptances, commercial paper (A-1, P-1), repurchase agreements, mutual funds consisting of the foregoing, and the State of Arizona Local Government Investment Pool (LGIP).

Investments are categorized into these three categories of credit risk:

- (1) Insured or registered, or securities held by the City or its agent in the City's name.
- (2) Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the City's name.
- (3) Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent, but not in the City's name.

The City's investments at June 30, 2001, are summarized below. There were no investments in risk categories two or three. Investments not subject to credit risk classification are not categorized.

(in thousands of dollars)	<u>Risk</u>	
	<u>Category</u>	
	1	Total Fair Value
U.S. Government Securities	\$ 254,835	\$ 254,835
Repurchase Agreements	30,277	30,277
	<u>\$ 285,112</u>	<u>\$ 285,112</u>
LGIP		144,634
Guaranteed Investment Contracts		3,432

Construction in Progress	85,733	1,517
	<u>843,950</u>	<u>42,330</u>
Accumulated Depreciation	<u>(149,944)</u>	<u>(16,344)</u>
Net Fixed Assets	<u>\$ 694,006</u>	<u>\$ 25,986</u>

Enterprise and Internal Service Funds construction in progress commitments at June 30, 2001, included as a line item above, were composed of the following (in thousands of dollars):

	<u>Construction</u>		
	<u>In Progress</u>	<u>Commitments</u>	<u>Budget</u>
Enterprise:			
Water System Projects	\$ 42,051	\$ 59,939	\$ 101,990
Sewer System Projects	42,798	18,669	61,467
Airport Projects	884	325	1,209
Total	<u>85,733</u>	<u>78,933</u>	<u>164,666</u>
Internal Service:			
Motor Vehicle Projects	<u>\$ 1,517</u>	<u>\$ 1,625</u>	<u>\$ 3,142</u>

Estimated costs of fixed assets contributed to the proprietary funds during fiscal year 2000/2001 are as follows (in thousands of dollars):

Water System and Sewer System \$12,859
 Airport Fund Fixed Assets \$2,221

Fixed Assets for Los Arcos Multi-Purpose Facilities District and Scottswater, Inc. are discussed in Note 20 and Note 21, respectively.

NOTE 7 - LEASES

Capital Leases – In connection with the Waterfront Area Redevelopment Plan, the City has entered into a garage lease agreement in order to provide unrestricted public parking. The lease has an initial term of 50 years. The lease is payable over 30 years in the amount of \$28,750,000, plus interest at 9.14% per annum, subject to an interest rate buy down option. The exclusive funding source for the lease payments will be new retail sales tax revenues generated by the Nordstrom department store and the multilevel retail bridge linking Nordstrom to Fashion Square, as well as increased retail sales tax revenues (over 1995) from Fashion Square.

The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded as buildings and other improvements, at the present value of the future minimum lease payments as of the inception date, in the general fixed assets account group.

The future lease payments are based on incremental tax revenues, therefore, the following presentation of future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2001 are based on projected sales tax revenues.

Year Ending June 30, 2001 (in thousands of dollars)	General Long-Term Debt Account Group
2002	\$ 2,410
2003	2,464
2004	2,538
2005	2,614
2006	2,692
2007-2011	14,722
2012-2016	17,067
2017-2021	19,786
2022-2026	22,937
2027-2031	10,167
Total Estimated Minimum Lease Payments	97,397
Less: Amount Representing Interest	(68,647)
Present value of Minimum Lease Payments	<u>\$ 28,750</u>

NOTE 8 - LONG-TERM DEBT

The following are brief descriptions of bonds outstanding at June 30, 2001. The totals shown are the principal amount outstanding, net of the current portion due July 1, 2001.

There are a number of limitations and restrictions contained in the various bond indentures. The City is in compliance with all significant limitations and restrictions.

General Obligation Bonds

General obligation (GO) bonds are issued, after approval by City of Scottsdale voters at an authorized bond election, to finance the construction of water and sewer systems, artificial lighting, parks and open spaces, recreational facilities, and general purpose improvements. At June 30, 2001, the City had \$2,829,500 authorized but unissued GO bonds. The City has no plans to issue the remaining portion of the unissued GO bonds authorized in 1989 as all projects related to the authorization have been completed. GO bonds are backed by the full faith and credit of the City, and are repaid through the City's levying of property (ad valorem) taxes. However, a portion of the City's GO bonds are recorded in the Water Enterprise Fund as described below, and are repaid through revenues of that fund unless such revenues are insufficient.

NOTE 8 - LONG-TERM DEBT (CONTINUED)

General Obligation Bonds (continued)

	Bonds Outstanding (in thousands of dollars)
General Obligation Bonds	
1989 Capital Improvement Project Serial Bonds (Series B issued 1991) due in annual installments of \$740,000 to \$1,175,000 through July 1, 2011; interest at 6.0 percent to 8.5 percent. Original issue amount, \$19,000,000.	\$ 3,310
1989 Capital Improvement Project Serial Bonds (Series C issued 1992)/Refunding Bonds due in annual installments of \$750,000 to \$2,025,000 through July 1, 2012; interest at 5.25 percent to 7.75 percent. On September 3, 1997, \$5,505,000 were refunded. Original issue amount, \$25,055,000.	8,630
1993 Refunding Bonds due in annual installments of \$1,010,000 to \$8,150,000 through July 1, 2009; interest at 4.0 percent to 5.5 percent. \$28,399,993 of these bonds are recorded in and paid out of the Water Fund. Of the total outstanding at June 30, 2001, \$9,531,828 bonds are capital appreciation bonds maturing in 2004 and 2005, of which \$6,195,524 are included in the amount paid out of the Water Fund. The original issue amount for the 1993 Refunding Bonds was \$45,015,000.	37,711
1989 Capital Improvement Project Serial Bonds (Series D issued 1993) due in annual installments of \$500,000 to \$1,475,000 through July 1, 2013; interest at 4.0 percent to 6.5 percent. Original issue amount, \$21,000,000.	13,735
1993A Refunding Bonds due in annual installments of \$475,000 to \$5,560,000 through July 1, 2011; interest at 3.65 percent to 5.1 percent. \$1,315,000 of these bonds are recorded in and paid out of the Water Fund. Of the total outstanding at June 30, 2001, \$4,712,636 bonds are capital appreciation bonds maturing in 2002 and 2003. The original issue amount for the 1993A Refunding Bonds was \$24,265,000.	21,892
1989 Capital Improvement Project Serial Bonds (Series E issued 1994) due in annual installments of \$450,000 to \$1,150,000 through July 1, 2014; interest at 5.25 percent to 8.25 percent. On September 3, 1997, \$4,325,000 were refunded. Original issue amount, \$14,250,000.	6,575
1994 Various Projects Serial Bonds due in annual installments of \$475,000 to \$775,000 through July 1, 2005; interest at 5.75 percent to 8.25 percent. On September 3, 1997, \$9,525,000 were refunded. Original issue amount, \$16,000,000.	2,850
1995 Storm Sewer, Parks and Pima Road Improvement Serial Bonds (issued November 1, 1995) due in annual installments of \$425,000 to \$1,200,000 through July 1, 2015; interest at 4.65 percent to 7.0 percent. Original issue amount, \$15,000,000.	12,100

NOTE 8 - LONG-TERM DEBT (CONTINUED)

General Obligation Bonds (continued)

	Bonds Outstanding (in thousands of dollars)
General Obligation Bonds (continued)	
1989 Capital Improvement Project Serial Bonds (Series H issued January 1, 1997) due in annual installments of \$870,000 to \$2,115,000 through July 1, 2016; interest at 5.0 percent to 7.5 percent. Original issue amount, \$27,500,000.	\$ 22,920
1997 Refunding Bonds (issued August 1, 1997) due in annual installments of \$50,000 to \$3,510,000 through July 1, 2014, interest at 4.45 percent to 5.5 percent. Original issue amount \$19,900,000.	19,900
1989 Capital Improvement Project Serial Bonds (issued April 6, 1998) due in annual installments of \$445,000 to \$1,340,000 through July 1, 2015, interest at 4.3 percent to 6.5 percent. Original issue amount \$20,500,000.	18,630
1999A Transportation, Storm Sewer, Flood Protection and Pima Road Improvements Serial Bonds (issued June 29, 1999) due in annual installments of \$675,000 to \$1,900,000 through July 1, 2019; interest at 4.6 percent to 6.5 percent. Original issue amount \$25,200,000.	23,725
1999 Preservation Bonds (issued November 16, 1999) due in annual installments of \$800,000 to \$4,225,000 through July 1, 2024; interest at 7.5 percent to 5.0 percent. Original issue amount \$59,600,000.	57,575
2001 Preservation Bonds (issued March 29, 2001) due in annual installments of \$920,000 to \$2,455,000 through July 1, 2024; interest at 4.0 percent to 6.0 percent. Original issue amount \$35,000,000.	<u>35,000</u>
Total General Obligation bonds outstanding	\$ 284,553
Less General Obligation bonds paid out of Water Enterprise Fund	<u>(22,070)</u>
Net General Obligation bonds outstanding recorded as General Long-Term Debt	<u><u>\$ 262,483</u></u>

The 1999 and 2001 Preservation Bonds of \$57,575 and \$35,000, respectively, are paid from the .2% Preservation Sales Tax.

HURF Revenue Bonds

Highway User Revenue Fee (HURF) bonds are issued specifically for the purpose of constructing street and highway projects. These bonds are repaid out of the Special Revenue Fund by gas tax revenues collected by the State of Arizona and distributed to cities and towns based on a formula of population and gas sales within each county.

	Bonds Outstanding (in thousands of dollars)
HURF Revenue Bonds	
1993 Highway User Revenue Refunding Serial Bonds due in annual installments of \$405,000 to \$2,990,000 through July 1, 2007; interest at 4.25 percent to 5.5 percent. Original issue amount, \$26,690,000.	<u><u>\$ 15,660</u></u>

NOTE 8 - LONG-TERM DEBT (CONTINUED)

Municipal Property Corporation Bonds

The Municipal Property Corporation (MPC) is a nonprofit corporation created by the City in 1967 to finance the construction or acquisition of certain capital improvement projects. The MPC issues its own bonds, which are repaid through the City's excise tax collections and other unrestricted revenues. The use of property taxes to repay these bonds is specifically prohibited by law. Most of these bonds are recorded as general long-term debt. The 1995 MPC Transfer Station bonds and \$2,800,000 of the 1996 MPC bonds, as described below, however, are recorded in and paid out of revenues of the Solid Waste Enterprise Fund.

	Bonds Outstanding (in thousands of dollars)
Municipal Property Corporation Bonds	
1992 Refunding Series Municipal Property Corporation Certificates of Participation due in semi-annual installments of \$55,000 to \$1,865,000 through November 1, 2014; interest at 5.0 percent to 6.375 percent. Original issue amount, \$47,095,000.	\$ 33,720
1993 Municipal Property Corporation Refunding Bonds due in annual installments of \$515,000 to \$4,170,000 through July 1, 2005; interest at 4.25 percent to 5.375 percent. Original issue amount, \$29,475,000.	15,435
1994 Municipal Property Corporation Refunding Bonds due in annual installments of \$775,000 to \$1,080,000 through July 1, 2004; interest at 4.3 percent to 5.15 percent. Original issue amount, \$9,295,000.	3,080
1995 Municipal Property Corporation TPC Land Taxable Excise Tax Revenue Bonds due in annual installments of \$70,000 to \$285,000 through July 1, 2015; interest at 7.7 percent to 9.0 percent. Original issue amount, \$2,950,000.	2,480
1995 Municipal Property Corporation Transfer Station Excise Tax Revenue Serial Bonds (issued November 1, 1995) due in annual installments of \$160,000 to \$330,000 through July 1, 2010; interest at 4.75 percent to 7.25 percent. These bonds are recorded in and paid out of the Solid Waste Enterprise Fund. Original issue amount, \$3,500,000.	2,435
1996 Municipal Property Corporation Excise Tax Revenue Bonds for McCormick/Stillman Park, computers, and curbside recycling (issued July 1, 1996) due in annual installments of \$310,000 to \$1,570,000 through July 1, 2004; interest at 4.4 percent to 5.4 percent. The curbside recycling portion (\$2,800,000 issued, \$0 outstanding) of bonds are recorded in and paid out of the Solid Waste Enterprise Fund. Original issue amount, \$7,550,000.	975
1998 Municipal Property Corporation Excise Tax Revenue Bonds (issued December 2, 1998) due in annual installments of \$3,500,000 to \$180,000 through July 1, 2008; interest at 4.0 percent. Original issue amount, \$9,150,000.	<u>1,125</u>
Total MPC bonds outstanding	\$ 59,250
Less MPC bonds paid out of Solid Waste Enterprise Fund	<u>(2,435)</u>
Net MPC bonds outstanding recorded as General Long-Term Debt	<u><u>\$ 56,815</u></u>

NOTE 8 - LONG-TERM DEBT (CONTINUED)

Scottsdale Preserve Authority Bonds

The Scottsdale Preserve Authority (SPA) is a nonprofit corporation created by the City in 1997 to finance land acquisitions for the McDowell Sonoran Preserve. The SPA issues its own bonds which are repaid through the two tenths of one percent City sales tax approved by voters in September 1996 to be used specifically for this purpose. SPA bonds are recorded as general long-term debt and are paid out of the SPA Debt Service Fund.

	Bonds Outstanding (in thousands of dollars)
Scottsdale Preserve Authority Bonds	
1997 Scottsdale Preserve Authority Excise Tax Revenue Bonds due in annual installments of \$170,000 to \$1,475,000 beginning July 1, 1998, through July 1, 2020; interest at 7.75 percent to 5.625 percent. Original issue amount \$20,500,000.	\$ 18,905
1998 Scottsdale Preserve Authority Excise Tax Revenue Bonds due in annual installments of \$1,015,000 to \$6,585,000 beginning July 1, 1999, through July 1, 2024; interest at 6.0 percent to 4.75 percent. Original issue amount \$77,000,000.	<u>73,060</u>
Total Scottsdale Preserve Authority Bonds	<u><u>\$ 91,965</u></u>

Water and Sewer Revenue Bonds

Water and sewer revenue bonds are issued as authorized by the voters for the construction, acquisition, furnishing and equipping of water and sewer facilities and related systems. At June 30, 2001, the City had \$3,340,000 authorized but unissued water and sewer revenue bonds. These revenue bonds are collateralized by revenue in excess of operating and maintenance expenses of the City's water and sewer utility system, and are repaid via user charges or fees for service. Property taxes cannot be used to pay the debt service on these bonds.

Water and sewer revenue bond covenants require that the City accumulate sufficient reserves to cover the eventual replacement of the water and sewer system. The City has continued to meet this reserve requirement. At June 30, 2001, the funds reserved for this purpose were \$13,378,755.

	Bonds Outstanding (in thousands of dollars)
Water and Sewer Revenue Bonds	
1989 Water and Sewer Revenue Serial Bonds (Series B issued 1992) due in annual installments of \$165,000 to \$410,000 through July 1, 2012; interest at 5.0 percent to 7.5 percent. Original issue amount, \$5,000,000.	\$ 3,365
1989 Water and Sewer Revenue Bonds (Series C issued 1994) due in annual installments of \$150,000 to \$240,000 through July 1, 2005; interest at 5.75 percent to 8.25 percent. \$3,005,000 of these bonds were refunded on March 1, 1996. Original issue amount, \$5,000,000.	885
1996 Water and Sewer Revenue Refunding Serial Bonds (issued March 1, 1996) due in annual installments of \$325,000 to \$1,000,000 beginning July 1, 1997 through July 1, 2014; interest at 3.5 percent to 5.625 percent. For GAAP financial statement purposes, these bonds are reported net of the deferred loss on refunding and deferred issuance costs totaling \$449,915 at June 30, 2001.	7,250
1989 Water and Sewer Revenue Bonds (Series D issued November 1, 1997) due in annual installments of \$425,000 to \$1,050,000 through July 1, 2017; interest at 4.75 percent to 7.25 percent. Original issue amount \$20,000,000.	18,150
1989 Water and Sewer Revenue Bonds (Series E issued December 2, 1998) due in annual installments of \$1,015,000 to \$4,615,000 through July 1, 2023; interest at 4.5 percent to 7.0 percent. Original issue amount \$50,000,000.	<u>46,440</u>
Total Water and Sewer Revenue Bonds outstanding	<u><u>\$ 76,090</u></u>

NOTE 8 - LONG-TERM DEBT (CONTINUED)

Special Assessment Bonds

Special assessment bonds are issued by the City on behalf of improvement districts created by property owners for a specific purpose, such as to finance local street, water or sewer improvements, or to acquire an existing water or sewer operation. Property owners in the designated districts agree to be assessed for the principal and interest costs of repaying the bonds. As trustee for improvement districts, the City is responsible for collecting the assessments levied against the owners of property within the improvement districts and for disbursing these amounts to retire the bonds issued to finance the improvements. The receivables, revenues, and debt service expenses related to these bonds are recorded in the Special Assessments Debt Service Fund. At June 30, 2001, special assessments receivable, together with amounts paid in advance and interest to be received over the life of the assessment period, were adequate for the scheduled maturities of the bonds payable and the related interest.

These bonds are secured by a lien on the property and improvements of all parcels within each district. In the event of default by the property owner, the City may enforce auction sale to satisfy the debt service requirements of the improvement bonds. The City is contingently liable on special assessment bonds to the extent that proceeds from auction sales are insufficient to retire outstanding bonds.

The City Council's adopted policy is that special assessment improvement debt is permitted only when the ratio of the full cash value of the property (prior to improvements being installed) when compared to debt is a minimum of 3 to 1 prior to issuance of debt, and 5 to 1 or higher after construction of improvements. In addition, cumulative improvement district debt is not permitted to exceed 5 percent of the City's secondary assessed valuation.

At June 30, 2001, there were 13 separate series of special assessment improvement bonds outstanding, each series issued as serial bonds to be repaid over 10 years.

**Bonds
Outstanding
(in thousands of
dollars)**

Special Assessment Bonds

Special Assessment Bonds issued August 15, 1989, through September 1, 1998, maturing January 1, 1999, through January 1, 2013; due in annual installments of \$15,000 to \$1,575,000; interest at 4.625 percent to 7.05 percent. Total original issue amount, \$49,040,000.

\$ 7,681

Community Facilities Districts General Obligation Bonds

Community Facilities District General Obligation Bonds are issued by community facilities districts (CFDs), which are special purpose districts created specifically to acquire and improve public infrastructure in specified land areas. At June 30, 2001, the Scottsdale Mountain CFD, McDowell Mountain Ranch CFD, DC Ranch CFD, and Via Linda Road CFD had, respectively, \$1,550,000, \$1,140,000, \$12,165,000, and \$275,000 of authorized but unissued general obligation bonds. CFD bonds are repaid by ad valorem taxes levied directly by the districts and collected by the county. Property owners in the districts are assessed for District taxes and thus for all costs associated with the Districts. The City has no liability for community facilities district bonds.

CFDs are created only by petition to the City Council by property owners within the district areas. As board of directors for the CFDs, the City Council has adopted a formal policy that CFD debt will be permitted only when the ratio of the full cash value of the unimproved district property to the proposed district debt, is a minimum of 3 to 1, and 5 to 1 or higher after construction of improvements. These ratios are verified by an appraisal paid for by the CFD and administered by the City. In addition, cumulative debt of all CFDs cannot exceed 5 percent of the City's secondary assessed valuation.

Community Facilities Districts General Obligation Bonds (CONTINUED)

	Bonds Outstanding (in thousands of dollars)
Community Facilities Districts General Obligation Bonds	
1993A Scottsdale Mountain Community Facilities District General Obligation Bonds due in annual installments of \$90,000 to \$255,000 beginning July 1, 1999 through July 1, 2017; interest at 5.25 percent to 6.20 percent. Original issue amount, \$3,000,000.	\$ 2,715
1993B Scottsdale Mountain Community Facilities District General Obligation Bonds due in annual installments of \$10,000 to \$45,000 beginning July 1, 1999 through July 1, 2017; interest at 7.5 percent to 9.5 percent. Original issue amount, \$525,000.	485
1995 Scottsdale Mountain Community Facilities District General Obligation Bonds due in annual installments of \$45,000 to \$175,000 beginning July 1, 2000 through July 1, 2019; interest at 7.0 percent to 7.625 percent. Original issue amount \$1,925,000.	1,830
1998 DC Ranch Community Facilities District General Obligation Bonds due in annual installments of \$155,000 to \$385,000 beginning July 15, 2005 through July 15, 2023; interest at 4.75% to 5.5%. Original issue amount \$4,750,000.	4,750
1999 Via Linda Road Community Facilities District General Obligation Bonds due in annual installments of \$95,000 to \$255,000 beginning July 15, 2004 through July 15, 2023; interest at 5.0% to 5.75%. Original issue amount \$3,225,000.	3,225
1999 McDowell Mountain Ranch Community Facilities District General Obligation Refunding Bonds due in annual installments of \$320,000 to \$1,455,000 beginning July 15, 1999 through July 15, 2022; interest at 4.0% to 6.0%. Original issue amount \$20,245,000.	19,005
1999 DC Ranch Community Facilities District General Obligation Bonds (issued November 1, 1999) due in annual installments of \$85,000 to \$260,000 beginning July 15, 2005 through July 15, 2011. Interest at 5.45% to 6.50%. Original issue amount \$3,085,000.	<u>3,085</u>
Total Community Facilities Districts General Obligation bonds outstanding	<u><u>\$ 35,095</u></u>

CFD Advance Refundings

There were no refundings during fiscal year 2000/01. In prior years, the McDowell Mountain Ranch CFD refinanced other bond issues through the issuance of a refunding bond. The proceeds from the refunding bond have been deposited in irrevocable trusts at commercial banks and invested in U.S. Government securities which, together with interest earned thereon, will provide amounts sufficient for future redemption or payment of principal and interest of the issues refunded.

The assets, liabilities, and financial transactions of all of these trust accounts and the liability for refunded (defeased) bonds are not reflected in the financial statements of the City.

The table reflects refunded debt outstanding at June 30, 2001, and net of any amounts to be paid or retired by the trustee on July 1, 2001 (in thousands of dollars).

Refunded in Prior Year (in thousands of dollars)

General Obligation Series Series 1994 A	2,845
General Obligation Series 1997	<u>6,910</u>
	<u><u>\$ 18,555</u></u>

NOTE 8 - LONG-TERM DEBT (CONTINUED)

Statutory Debt Limitation

Under the provisions of the Arizona Constitution, outstanding general obligation bonded debt issued for water, sewer, light, parks, and open space purposes may not exceed 20 percent of a city's net secondary assessed valuation. Outstanding general obligation bonded debt for all other purposes may not exceed 6 percent of a city's net secondary assessed valuation. Accretion on capital appreciation bonds, which is included for GAAP purposes as outstanding debt, is excluded for this calculation. General obligation bonds of community facilities districts also are not subject to or included in this calculation. The following summarizes the City of Scottsdale's legal general obligation bonded debt borrowing capacity at June 30, 2001 (in thousands of dollars):

General Obligation Bonds Issued to Provide Water, Sewer, Light,		General Obligation Bonds Issued for All Other Purposes	
20% Constitutional Limit	\$ 575,547	6% Constitutional Limit	\$ 172,664
Less General Obligation 20% Bonds Outstanding	(195,573)	Less General Obligation 6% Bonds Outstanding	(77,117)
Available 20% Limitation Borrowing Capacity	\$ 379,974	Available 6% Limitation Borrowing Capacity	\$ 95,547

Contracts Payable

The City of Scottsdale has entered into various purchase contracts related to economic development, acquisition of water system facilities, acquisition of recreational facilities and patents. The contract for the acquisition of water system facilities is payable only from the operating revenue of the water and sewer utility system. The following is a summary of debt service to maturity for all long-term contracts payable at June 30, 2001.

Payable out of the General Fund	Contracts Payable (in thousands of dollars)
Contract payable to the U.S. Army Corps of Engineers for the construction of flood control and recreation facilities; due in annual installments through 2032; interest at 5.1 percent.	\$ 3,419
Contract payable for the construction of public infrastructure relating to completion of The Dial Corporation new corporate headquarters; due in annual installments beginning September 1998 through September 2007; non-interest bearing.	334
Contract payable for the maintenance of a federal patent; due in three year installments beginning January 1, 2001 through January 1, 2009; non-interest bearing.	5
Contract payable for the oversight and management of the Tournament Players Club Recreational Land Use Agreement; due in annual installments beginning March 1999 through June 2035; non-interest bearing.	1,870
Contract payable for the oversight and management of the Westworld Cost-share and Land Use Agreement; due in annual installments beginning December 2000 through December 2032; non-interest bearing.	1,760
Contract payable for the construction of public infrastructure relating to completion of the Anchor National Life / Portales mixed use development; due in annual installments beginning 2003.	2,117

1989 Water Revenue Series C Bonds	3,005
	\$ 33,080

Long-term Debt for Los Arcos Multi-Purpose Facilities District and Scottswater Company, Inc. is discussed in Note 20 and Note 21, respectively.

NOTE 9 - RETIREMENT AND PENSION PLANS

All full-time employees of the City, the Mayor, and City Council are covered by one of three pension plans. All full-time City employees, except public safety personnel, participate in the Arizona State Retirement System, a multiple-employer cost sharing pension plan. All public safety personnel participate in the Public Safety Personnel Retirement System, which is an agent multiple-employer pension plan. The Mayor and Council participate in the Elected Officials' Retirement Plan, a multiple-employer cost sharing pension plan. All three pension plans are administered by the State of Arizona.

Arizona State Retirement System

Plan Description

All full-time City employees (except public safety personnel) participate in the Arizona State Retirement System (System), a multiple-employer cost sharing defined benefit pension plan. The System was established by the State of Arizona to provide pension benefits for employees of the state and employees of participating political subdivisions and school districts. The System is administered in accordance with Title 38, Chapter 5, of the Arizona Revised Statutes. The system provides for retirement, disability, health insurance premium benefits, and death and survivor benefits. The Arizona State Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to Arizona State Retirement System, P. O. Box 33910, Phoenix, AZ 85067-3910, or by calling 1-800-621-3778.

Funding Policy

The Arizona Revised Statutes (A.R.S.) provide statutory authority for determining the employees' and employers' contribution amounts as a percentage of covered payroll. Employers are required to contribute at the same rate as employees. Although the statutes prescribe the basis of making the actuarial calculation, the Arizona legislature is able to legislate a contribution rate other than the actuarially determined rate. The actuarially determined contribution rate for the years ended June 30, 2001, 2000, and 1999 were 2.66% (2.17% retirement and .49% long-term disability) 2.66% and 3.34%, respectively, for both employers and employees. The City's contributions to the System for the years ending June 30, 2001, 2000, and 1999 were \$1,925,741, \$1,745,319, and \$1,980,527, respectively, equal to the required contributions for each year.

Public Safety Personnel Retirement System

Plan Description

All of the City's public safety personnel (police officers) participate in the Public Safety Personnel Retirement System (PSPRS), an agent multiple-employer defined benefit pension plan. PSPRS was established by Title 38, Chapter 5, Article 4 of the Arizona Revised Statutes to provide pension benefits for public safety employees of certain state and local governments. The PSPRS is jointly administered by the fund manager and 171 local boards. PSPRS provides retirement benefits, as well as death and disability benefits. The Public Safety Personnel Retirement System of the State of Arizona issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Safety Personnel Retirement System, 1020 East Missouri Avenue, Phoenix, AZ 85014 or by calling (602) 255-5575.

Funding Policy

The System is funded through a member contribution of 7.65% of gross payroll, an employer contribution set by an actuarial valuation expressed as a percent of gross payroll, and a distribution of the net earnings of the Fund. The City's current contribution rate is 4.48% of annual covered payroll, consisting of 11.02% for normal cost and (6.54%) for amortization of unfunded actuarial accrued liability. Contribution rates for 2000 and 1999 were 5.50% and 10.65%, respectively.

NOTE 9 - RETIREMENT AND PENSION PLANS (CONTINUED)

Annual Pension Cost

For 2001, the City's annual pension cost of \$1,094,138 for PSPRS was equal to the City's required and actual contributions. The required contribution was determined as part of the June 30, 2001 actuarial valuation using the individual entry-age actuarial cost method.

The actuarial assumptions include (a) a rate of return on the investment of present and future assets of 9.0% per year compounded annually, (b) projected salary increases of 6.5% per year compounded annually, attributable to inflation and other across-the-board factors, and (c) additional projected salary increases ranging from 0.0% to 3.0% per year, attributable to seniority/merit. Included in (b) is an inflation component of 5.5%. The actuarial value of PSPRS assets was determined using techniques that smooth the market value of assets over a 4-year period. PSPRS's unfunded accrued liability is being amortized as a level percent of projected payroll on an open basis. The remaining amortization period at July 1, 2000 was 20 years.

**Three-Year Trend Information for PSPRS
(in thousands of dollars)**

Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of

NOTE 9 - RETIREMENT AND PENSION PLANS (CONTINUED)

Elected Officials' Retirement Plan

Plan Description

The City's Mayor and Council participate in the Elected Officials' Retirement Plan (EORP), a multiple-employer cost sharing defined benefit pension plan. The EORP was established and is administered by the State of Arizona to provide pension benefits for state and county elected officials, judges, and certain City-elected officials. The fund manager of the PSPRS is also the administrator for the EORP. EORP provides retirement benefits, as well as death and disability benefits. The Elected Officials' Retirement Plan issues a publicly available financial report that includes financial statements and required supplementary information for EORP. That report may be obtained by writing to Elected Officials' Retirement Plan, 1020 East Missouri Avenue, Phoenix, Arizona 85014 or by calling (602) 255-5575.

Funding Policy

Covered employees are required by state statute to contribute an amount equal to 7 percent of gross salary. Incorporated city or town employers are required to contribute an amount sufficient to meet both the normal cost of a level-cost method attributable to the EORP, plus the amount required to amortize the unfunded accrued liability for the employer. Such amount is to be determined each year by actuarial valuation and paid as a level percent of compensation. The contribution requirements for plan members are established and may be amended by the Fund Manager, a five-member board. The City's rates for fiscal years ended June 30, 2001, 2000, and 1999 were 10.22%, 10.22%, and 8.90%, respectively. The City's contributions to EORP for the years ending June 30, 2001, 2000 and 1999 were \$13,445, \$11,370 and \$9,826, respectively, equal to the required contributions for each year.

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS

In addition to the pension benefits described in Note 9 the City provides an option of post-retirement health care benefits, in accordance with Chapter 14 of the City Code. At retirement, employees with medical leave accumulated prior to September 6, 1976 are eligible for payment of medical leave at one hundred percent cash value at current rate of pay. Employees hired before July 1, 1982 can elect to receive cash equal to fifty percent of the first five hundred twenty hours of unused medical leave plus twenty-five percent of all hours in excess of five hundred twenty. The conversion rate is the employee's average hourly base pay rate for the five years immediately preceding retirement. Any retiring employee with 300 or more hours of accumulated medical leave, who chooses to remain on the city medical plan, may elect to apply the value of the sick leave to the employee's portion of the health care premiums, up until age 65. The value of the accumulated medical leave shall be calculated at the employee's hourly rate of pay at the time of retirement.

The number of participants during fiscal year 2000/01, was twenty-two. The projected liability, as of June 30, 2001, for medical conversion was \$3,377,822. Of this liability, \$2,631,082 is reflected in the General Long-Term Debt Account Group, \$746,740 is recorded in various other funds. The projected liability is based on a January 1, 1998 actuarial valuation, as adjusted, based on the actuarial projection that for every additional 100 participants, future normal costs increase by an additional 3% per annum and projected liability of 4% of payroll. Significant actuarial assumptions of the January 1, 1998 actuarial valuation include a) mortality rates based on the 1983 Group Annuity Mortality Table set back 1 year for males and no set back for females, b) interest compounded 4.0 percent annually, c) salaries increase at a rate of 3.0 percent per annum, d) projected unit credit cost method based on participant data as of January 1, 1999.

NOTE 11 - SEGMENTS OF ENTERPRISE ACTIVITIES

Water and sewer, airport, and solid waste are four major services provided by the City that are financed by user charges and are of such significance as to warrant disclosure as segments of enterprise activities. Segment information as of and for the year ended June 30, 2001, was as follows (in thousands of dollars):

	Water and Sewer			
	Utility	Airport	Solid Waste	Total
Operating Revenue	\$ 87,417	\$ 1,444	\$ 15,705	\$ 104,566
Depreciation and Amortization	18,001	790	199	18,990
Operating Transfers In	64	589	-	653
Operating Transfers (Out)	(362)	(2)	(494)	(858)
Operating Income (Loss)	15,995	(1,201)	1,749	16,543
Net Income (Loss)	23,925	(399)	1,138	24,664
Contributions				
Developers	12,859	-	-	12,859
Development Fees	26,361	-	-	26,361
Other Government Units	15	2,221	-	2,236
Property, Plant, and Equipment				
Additions	64,014	4,459	74	68,547
Net Working Capital	122,893	1,308	1,784	125,985
Total Assets	862,165	20,050	8,394	890,609
Long-Term Debt (Net of Current				
Portion) and Other Liabilities:				
Payable From Operating				
Revenue	93,120	-	2,435	95,555
Payable From Other Sources	7,189	6	-	7,195
Total Equity	745,316	19,899	4,307	769,522

NOTE 12 - CONTRIBUTED CAPITAL

During the year ended June 30, 2001, Enterprise Funds' contributed capital increased by the following amounts (in thousands of dollars):

Source	Water and Sewer			Total
	Utility	Airport	Solid Waste	
Development Fees	\$ 26,361	\$ -	\$ -	\$ 26,361
Developers	12,859	-	-	12,859
Federal Government -				
Capital Construction	-	2,221	-	2,221
Municipal Contributions	15	-	-	15
Less Depreciation	(9,019)	(790)	-	(9,809)
Total Change	30,216	1,431	-	31,647
Contributed Capital				
July 1, 2000	426,270	17,818	353	444,441
Contributed Capital				
June 30, 2001	\$ 456,486	\$ 19,249	\$ 353	\$ 476,088

The Internal Service Fund's contributed capital increased by \$7,446,404 as a result of Fleet Management assets contributed from City and Federal funds.

NOTE 13 - RISK MANAGEMENT

The City is exposed to various risks of loss related to public, property, and aviation premises liability, self-insured benefits and workers compensation. Public liability includes public officials' errors and omissions, automobile and general liability. The City is self-insured for the first \$1,000,000 of public liability, the first \$50,000 of property coverage and the first \$250,000 of workers compensation. Coverage in excess of these respective amounts is provided through the purchase of commercial insurance. During the fiscal year ending June 30, 2001 there was no significant reduction in excess insurance coverage. Additionally, settlements for each of the past three fiscal years have not exceeded the City's excess insurance coverage amounts.

The City reports its self-insurance activity in its Self-Insurance Internal Service Fund. Claims liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The claims liabilities amount recorded in the accompanying financial statements is based on reported pending claims, estimates of claims incurred but not yet reported, actuarial reports and historical analysis. All claims liabilities are reported at their present value, which has been calculated using a 5.5 percent discount rate:

	Year Ended June 30	
	2001	2000
Claims payable, July 1	\$ 5,660	\$ 8,143
Current year claims incurred	7,618	484
Current year claim payments	(5,557)	(2,967)
Claims payable June 30	<u>\$ 7,721</u>	<u>\$ 5,660</u>

NOTE 15 - DEFICITS IN FUND BALANCE/FUND EQUITY/EXCESS OF EXPENDITURES OVER APPROPRIATION

The Community Development Fund had a deficit fund balance of (\$59,000) caused by certain grant reimbursements due which may not be available in the upcoming period. Since these reimbursements are not assured, no revenue was accrued in the current fiscal year. These reimbursements due will be recognized as revenue when actually received.

The Home Fund had a deficit fund balance of (\$16,000) caused by grant reimbursements due which were not expected to be received within 30 days of fiscal year end. These reimbursements due will be recognized as revenue when actually received.

The Section 8 Housing Fund had a deficit fund balance of (\$381,000) caused by certain grant reimbursements due which may not be available in the upcoming period. Since these reimbursements are not assured, no revenue was accrued in the current fiscal year. These reimbursements due will be recognized as revenue when actually received. Since January 1998, the Fund has generated a surplus. Program administrators expect this trend to continue and anticipate eliminating the fund deficit within one year.

The Special Assessment Debt Service Fund exceeded its Debt Service Expenditures appropriation by \$26,000. This over expenditure was funded by available fund balance.

The Airport Fund exceeded its expense appropriation by \$108,000. This over expenditure was funded by available fund balance.

NOTE 16 - CONTINGENT LIABILITIES

The City is a party to several lawsuits incidental to its normal operations. Management, with concurrence of the City Attorney, and outside legal counsel, is of the opinion that settlement of these lawsuits will not have a material effect on the financial position of the City. Therefore, no specific provision has been reflected in the accompanying general purpose financial statements for these matters.

NOTE 17 - COMMITMENTS AND SUBSEQUENT EVENTS

- a. In July 1991, the City amended a ten-year agreement with Rural/Metro Corporation (Rural/Metro) whereby Rural/Metro will provide fire protection and related services to the City to June 30, 2001. Payments to Rural/Metro amounted to \$14,424,630 for the year ended June 30, 2001. In July 2001, the City renewed the contract for six months. The amount due to Rural/Metro for the first six months of fiscal year 2002 will approximate \$7,815,330.
- b. The City has a Service Agreement with the Scottsdale Cultural Council (Council) that provides that the Council will manage the arts and cultural affairs within the Scottsdale community for a ten-year period, automatically renewable for two five-year periods. In return, the City will pay service fees to the Council based on the Service Agreement between the City and the Council. Payments to Scottsdale Cultural Council amounted to \$2,338,577 for the year ended June 30, 2001. Annual amounts due in fiscal year 2002 will approximate \$2,408,734.
- c. The City has an operating and maintenance agreement, and a separate service agreement with Scottsdale Water Service Company Limited Partnership (Partnership). Under these agreements, City staff operate the Partnership's water treatment facility which processes Central Arizona Project water to regulatory quality standards and furnishes this water to the City for distribution to City customers. The City reimburses the Partnership for all operating and debt service costs associated with the water treatment plant, and must maintain a \$300,000 equipment replacement and repair reserve.

Total costs reimbursed by the City to the Partnership in 2000/01 were \$3,213,477. At termination of the agreement in 2008, the City will have the option to purchase the water treatment plant and other assets from the Partnership. For further discussion of the Partnership and Scottswater Company, Inc., a component unit of the City, see Note 21.

- d. The City has entered into several agreements whereby it will reimburse developers for construction costs of certain public infrastructure improvements. The funding source for the reimbursements will come from Water and Sewer development fees paid over the life of the development. Only amounts paid subsequent to January 13, 1997 are eligible for reimbursement. The City does not become liable under the agreements until the City has accepted the cost, a development fee has been paid and a water meter has been set. The City has limited its liability to the lesser of the cost accepted by the City or the development fees paid. The City's maximum contingent liability at June 30, 2001, is \$8,217,459.
- e. The City has also entered into two agreements requiring telecommunications companies to install additional conduit capacity at the time of construction. It is anticipated that the cost of the additional capacity will be reimbursed to telecommunications companies by future telecommunications providers. In the event that the reimbursements are not made within a period of five to seven years after the construction, the City will become liable for the reimbursement. The City's maximum liability under these agreements is \$450,000.
- f. On July 18th 2001, the City issued three series of refunding bonds.
 - The City of Scottsdale Municipal Property Corporation (MPC) issued \$30,750,000 of Excise Tax Revenue Forward Delivery Refunding Bonds, Series 2002, dated August 7, 2002, with an interest rate of 5.5%, to refund \$30,885,000 of Series 1992 Excise Tax Revenue Bonds with an average interest rate of 6.27%. The MPC refunded the bonds to reduce its total debt service payments over the next 10 years by approximately \$2,059,698 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$2,073,838.
 - The City issued \$51,155,000 of General Obligation Refunding Bonds, Series 2001, dated July 18th, 2001, with an average interest rate of 5.1%, to refund \$49,835,000 of Series 1991, 1992, 1994, 1995 and 1999 General Obligation and Preservation Bonds with an average interest rate of 5.6%. The City refunded the bonds to reduce its total debt service payments over the next 20 years by approximately \$1,981,458 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$1,268,629.

NOTE 17 - COMMITMENTS AND SUBSEQUENT EVENTS (CONTINUED)

- The City issued \$17,495,000 of Scottsdale Preserve Authority Excise Tax Revenue Refunding Bonds, Series 2001, dated July 18th, 2001, with an average interest rate of 4.9%, to refund \$16,690,000 of Series 1997 Excise Tax Revenue Refunding Bonds with an average interest rate of 5.6%. The City refunded the bonds to reduce its total debt service payments over the next 20 years by approximately \$619,921 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$435,418.
- g. On August 20, 2001, the City Council approved the purchase of the Ford Motor Credit interest in the Central Arizona Project Treatment Plant at a price of \$6,725,000, and agreed to sell \$10,600,000 of Municipal Property Corporation Bonds to replace the current Industrial Development Authority (IDA) Bonds. Ford Motor Credit is currently a limited partner in the Scottsdale Water Service Company limited Partnership. See Note 19 for further information on the IDA. The closing date of the bonds is tentatively set for October 10, 2001 with redemption of the IDA Series 1984 bonds on November 1, 2001.
- h. Subsequent to June 30, 2001, the City Council approved a settlement for a discrimination lawsuit filed by 10 current and former employees in the amount of \$875,000. The amount of the settlement is included in the City's self-insurance claims payable amount at June 30, 2001. See note 13 for additional information on the City's Risk Management Claims.

NOTE 18 - JOINT VENTURE

The City participates with the cities of Phoenix, Glendale, Mesa, and Tempe in the Multi-City Subregional Operating Group (SROG). SROG was formed pursuant to the Joint Exercise of Powers Agreement (JEPA) in order to govern the construction, operation, and maintenance of jointly used sewage treatment and transportation facilities. The facilities include the 91st Avenue Wastewater Treatment Plant, the Salt River Outfall Sewer, the Southern Avenue Interceptor, and related transportation facilities. The City of Phoenix acts as lead agency and is responsible for the planning, budgeting, construction, operation, and maintenance of the facilities. In addition, the City of Phoenix provides all management, personnel, and financing arrangements and accepts federal grants on behalf of the participants. JEPA requires each city to pay for its share of the actual cash costs of operating and maintaining the facilities based on relative sewage flows and strengths.

The City records its share of SROG's cash operating expenses, and its equity in the joint venture in the City's Water and Sewer Utility Fund. For the year ended June 30, 2000 (the latest audited information available from SROG), the City's net investment in SROG was \$27,291,000. SROG's net cash operating expenses for the year ended June 30, 2000 was \$23,039,588, of which the City's share was \$2,041,288, or 8.4 percent. For the year ended June 30, 2001, the City paid SROG \$8,189,917 for capital contributions, \$187,190 for replacement reserve contributions (which increased the City's net investment in SROG), and \$2,621,744 for operating expenses.

The Comprehensive Annual Financial Report for the Fiscal Year Ended June 30, 2000 for the Multi-City Subregional Operating Group (the latest SROG CAFR available), may be obtained from the Arizona Municipal Water Users Association, 4041 N. Central Avenue, Suite 900, Phoenix, AZ 85012.

NOTE 19 - RELATED ORGANIZATION

The Industrial Development Authority (Authority) is a nonprofit corporation established by the City in 1984 to promote industry and develop trade by inducing manufacturing, industrial and commercial enterprises to locate and remain in Scottsdale. The Board of Directors of the Authority is appointed by the City Council; however, the City's accountability for the authority does not extend beyond making the appointments.

NOTE 20 - LOS ARCOS MULTI-PURPOSE FACILITIES DISTRICT

Component Unit Disclosure – The Los Arcos Multi-Purpose Facilities District was formed by voter approval in May 1999 under Arizona Revised Statute § 48-4201 and includes the City of Scottsdale, the Town of Fountain Hills, and the Town of Guadalupe. The tax-levying public improvement district was formed to redevelop a parcel of real property in the southern part of the City with a sports arena and retail/office/entertainment/residential facilities. Funding will be derived from a rebate to the District of 50% of the incremental state sales taxes generated in the District for a period of ten years following commencement of the redevelopment, subject to the City’s agreement to make direct payments to the District or expend moneys in an equal amount for land, infrastructure or other improvements relating to the redevelopment project.

Although negotiations with one prospective developer of the property were not successful, the City is continuing in its efforts to identify a developer for the project. It is not possible at this time to determine whether and, if so, when a new developer will be identified, whether and, if so, when negotiations of a redevelopment agreement will be successfully concluded or the nature or ultimate success of any project that may be undertaken at the site.

As a special purpose district and separate political subdivision under the Arizona Constitution, the District can issue bonds independently of the municipalities. The municipalities have no liability for District debt. Each participating municipality appoints two board members. However, board voting is weighted by the municipality’s population. As a result, the City of Scottsdale appoints a voting majority to the District’s Board of Directors. Therefore, for financial reporting purposes, the District is a component unit of the City of Scottsdale.

The District had no deposits or investments at June 30, 2001.

At June 30, 2001 the District had no fixed assets and no long-term debt.

A prior period adjustment was made to correct errors in previous years. The change to beginning fund balance is as follows:

	Los Arcos Multi-Purpose Facilities District
Fund Balance, July 1	\$ 85
Prior Period Adjustment	35
Fund Balance as restated, July 1	\$ 120

NOTE 21 - SCOTTSWATER COMPANY, INC. COMPONENT UNIT DISCLOSURES

Scottswater Company, Inc. (the Company) is a nonprofit corporation established by the City Council in 1993 to act as the general partner in the Scottsdale Water Service Company Limited Partnership (the Partnership.) The City Council appoints and approves the Company’s Board of Directors and nominates Company officers. The Partnership itself manages and operates a Central Arizona Project water treatment plant that, in conjunction with other City facilities, provides water and water services to Scottsdale citizens. All expenses of operating the water treatment plant are paid by the Partnership, and reimbursed by the City via a service agreement with the Partnership. At December 31, 2000, the Partnership had a receivable from the City in the amount of \$386,024.

The Company receives 1 percent of the Partnership’s annual income, and will receive 53 percent of the Partnership’s net assets upon dissolution of the Partnership. Therefore, the financial information reported in the component unit column in the combined financial statements includes the consolidated financial data of the Company and the Partnership. This information, reported as a proprietary fund type, is presented in a separate column to emphasize that the Company is legally separate from the City.

The Company and Partnership have a fiscal year end of December 31; therefore, the component unit column presents financial statements as of and for the year ended December 31, 2000. The financial statements for the City of Scottsdale Enterprise Fund for the year ended June 30, 2001, include a \$1,753,951 reimbursement paid to the Partnership for expenses of operating the water treatment plant for the six months ended June 30, 2001. This amount is not reflected in the consolidated financial statements of the Company due to the difference in year-end. The amount represents revenue to the Partnership and will be reflected in the consolidated financial statements of the Company for the year ending December 31, 2000.

NOTE 21 - SCOTTSWATER COMPANY, INC. COMPONENT UNIT DISCLOSURES (CONTINUED)

Cash and Investments

At December 31, 2000, the book value of the Company's deposits and the bank balance was \$77,082.

Risk category one cash balances, which are covered entirely through federal depository insurance funds, equaled \$77,082 at December 31, 2000. At December 31, 2000, there were no cash balances in risk category two or three.

Investments

Investments consist of amounts held by the trustee for the purpose of satisfying various debt service obligations of the Partnership. Investments at December 31, 2000, are stated at fair value and are summarized below. All of the investments are money market funds.

Investments not subject to credit risk classification are not categorized.

(in thousands of dollars)	Fair Value
U.S. Government Securities	\$ 702
Money Market Funds	2,600
	\$ 3,302

Reconciliation to Exhibit A-1

Deposits	\$ 77
Short-Term Investments	3,302
Total Cash and Investments	\$ 3,379

Fixed Assets

The Company's records its land, land improvements, and equipment at cost. Land improvements and equipment are depreciated in accordance with the Internal Revenue Service (IRS) Accelerated Cost Recovery System using the straight-line method with recovery periods of 18 years for land improvements, and 5 years for equipment. Generally accepted accounting principles require that the cost of an asset be depreciated over its useful life using the straight line method of depreciation. The difference between the IRS Accelerated Cost Recovery System using the straight-line method, and straight line depreciation as required by generally accepted accounting principles, is immaterial, and therefore no adjustments have been made to the Company's fixed asset accounts. The excess purchase price over fair market value of assets acquired by the Company is amortized using the straight-line method over 15 years.

Summary of the Company's fixed assets at December 31, 2000 (in thousands of dollars):

Land and Land Improvements	\$ 616
Equipment	24,849
	25,465
Accumulated depreciation	(24,619)
Net Fixed Assets	\$ 846

NOTE 21 - SCOTTSWATER COMPANY, INC. COMPONENT UNIT DISCLOSURES (CONTINUED)

Long-Term Debt

The land, improvements and equipment were principally financed from the proceeds of tax-exempt variable interest rate industrial development bonds, with an original face amount of \$25,000,000, issued by the Industrial Development Authority of the City of Scottsdale, Arizona. The nonrecourse bonds, which are insured by the Municipal Bond Insurance Association, are payable in varying installments to July 1, 2008. At December 31, 2000, the interest rate on these bonds was 4.65 percent and the weighted average interest rate during 2000 was 4.32 percent. These bonds pay interest at a variable rate and repriced monthly. Thus, the cost of the bonds is a reasonable estimate of fair value.

Summary of debt service requirements to maturity for the above bonds payable as of December 31, 2000 (in thousands of dollars):

Debt Service Requirements to Maturity	
2001	\$ 2,055
2002	2,102
2003	2,153
2004	2,208
2005	2,262
2006-2008	7,191
	<u>17,971</u>
Less amount representing interest	<u>(3,336)</u>
Net amount outstanding	<u><u>\$ 14,635</u></u>

The General Fund

The General Fund accounts for the revenue and expenditures necessary to carry out basic governmental activities of the City, such as police protection, fire protection, recreation, planning, legal services, administrative services, etc. Appropriations are made from the fund annually. The fund will continue to exist indefinitely.

Revenue for this and other funds is recorded by source, i.e., taxes, licenses, service charges, etc. Expenditures are recorded first by character, then by program, and then by object of the expenditure.

General Fund expenditures are made primarily for current day-to-day operating expenses and operating equipment. Capital expenditures for large-scale public improvements, such as buildings, parks, or streets, are accounted for primarily in the Capital Projects, Special Revenue, or Enterprise Funds.

Special Revenue Funds

Special Revenue Funds are established to finance particular activities and are created out of receipts of specific taxes or other earmarked revenue. Such funds are authorized by statutory or charter provisions to pay for certain activities with some form of continuing revenue.

Highway User Fuel Tax Fund

This fund receives and expends the City's allocation of the Arizona Highway User Revenue tax and other transportation related revenue. The amount available to each city is allocated on a population basis, which is determined by the latest federal census. These monies must be used for street construction, reconstruction, maintenance or transit.

Community Development Fund

This fund receives and expends the City's Community Development Block Grant revenues. The amount of the grant is awarded annually by the U.S. Department of Housing and Urban Development (HUD) upon application for funding by the City. Community Development Block Grant revenues may be used only for those projects approved in the grant budget and are subject to agency expenditure guidelines.

Home Fund

This fund receives and expends monies from the Maricopa County Home Consortium. Expenditures are made to provide affordable housing, expand the capacity of nonprofit housing providers, strengthen the ability of local governments to provide housing and leverage private-sector participation in housing.

Grants Fund

This fund receives and expends the City's grant revenues. The amount of grants received is generally based upon application to granting agencies by the City and upon availability of funding by the grantors. Grant revenues may be used only for the stated purpose in the approved grant agreement and are subject to grantor expenditure guidelines.

Section 8 Fund

This fund receives and expends the City's Section 8 Housing revenues. Assistance contracts are awarded by the U.S. Department of Housing and Urban Development (HUD) upon application by the City, and cover a five year period. Budgets are approved annually by HUD. Section 8 revenues may be used only for assistance approved by HUD and are subject to agency expenditure guidelines.

Preserve Privilege Tax Fund

This fund receives a .2% transaction privilege tax revenue approved by the voters to purchase property in the McDowell Sonoran preserve. Revenues are transferred to Capital Projects Funds for land purchase or are used for debt service payments for land contracts.

Transportation Privilege Tax Fund

This fund receives a .2% transaction privilege tax approved by the voters for transportation purposes. Revenues are transferred to Capital Projects to fund transportation related improvements.

Debt Service Funds

These funds record the accumulation of resources for, and the payment of, long-term debt principal and interest not serviced by the proprietary funds.

General Obligation Bond Fund

This fund accounts for the principal and interest requirements of the City's general obligation bonds. Financing is provided from the levy of secondary property tax.

Municipal Property Corporation Fund

This fund accounts for the principal and interest requirements of the City's Municipal Property Corporation bonds. Financing is provided primarily by transaction privilege tax.

Special Assessments Fund

This fund accounts for the principal and interest requirements of special assessment bonds. Financing is provided by special assessment levies against the benefited property holders.

Community Facilities Districts Fund

Scottsdale Mountain Community Facilities District Fund
McDowell Mountain Community Facilities District Fund
DC Ranch Community Facilities District Fund
Via Linda Road Community Facilities District Fund

These funds account for the principal and interest of general obligation bonds issued by community facilities districts. Although these bonds are *not* obligations of the City, generally accepted accounting principles indicate that the bonds should be disclosed herein.

Scottsdale Preserve Authority Fund

This fund accounts for the principal and interest requirements of excise tax revenue bonds issued by the Scottsdale Preserve Authority. Financing is provided by a .2 percent transaction privilege tax.

Capital Projects Funds

Capital Projects Funds account for the resources used to acquire, construct and improve major capital assets, other than those financed by proprietary funds. Capital Projects Funds allow the City to compile project cost data and demonstrate that legal or contractual requirements regarding the use of the resources are fully satisfied.

General Obligation Bond Construction Fund

Accounts for the proceeds of the sale of 1989 and 1992 voter-approved general obligation bonds that are used for authorized capital improvements.

Municipal Property Corporation Bond Fund

Accounts for the proceeds of Municipal Property Corporation bonds issued for acquisition or construction of capital improvements.

Preserve Privilege Tax Fund

Accounts for the May 23, 1995, voter-approved .2 percent transaction privilege tax and the expenditure of proceeds from the sale of 1999 voter-approved general obligation bonds dedicated to acquisition of land within the McDowell Sonoran Preserve.

Transportation Privilege Tax Fund

Accounts for the authorized .2 percent transaction privilege tax dedicated to transportation capital improvements. Voters approved the tax on November 7, 1989.

General Construction Fund

Accounts for the revenues and expenditures for the capital improvements that are funded on a pay-as-you-go basis. Formerly titled "All Other Construction Fund".

Community Facilities Districts

- DC Ranch Community Facilities District Fund
- McDowell Mountain Community Facilities District Fund
- Via Linda Road Community Facilities District Fund

Accounts for the proceeds issued by community facilities districts to acquire and improve public infrastructure in specified areas.

Enterprise Funds

Enterprise Funds account for the financing of self-supporting activities of City units which render services to the general public on a user charge basis. Enterprise funds are maintained on the accrual basis of accounting. Although the Water and Sewer Utility, Airport and Solid Waste Funds are operated as enterprise funds, their expenditures are controlled through budgetary accounting procedures similar to other City funds.

Water and Sewer Utility Fund

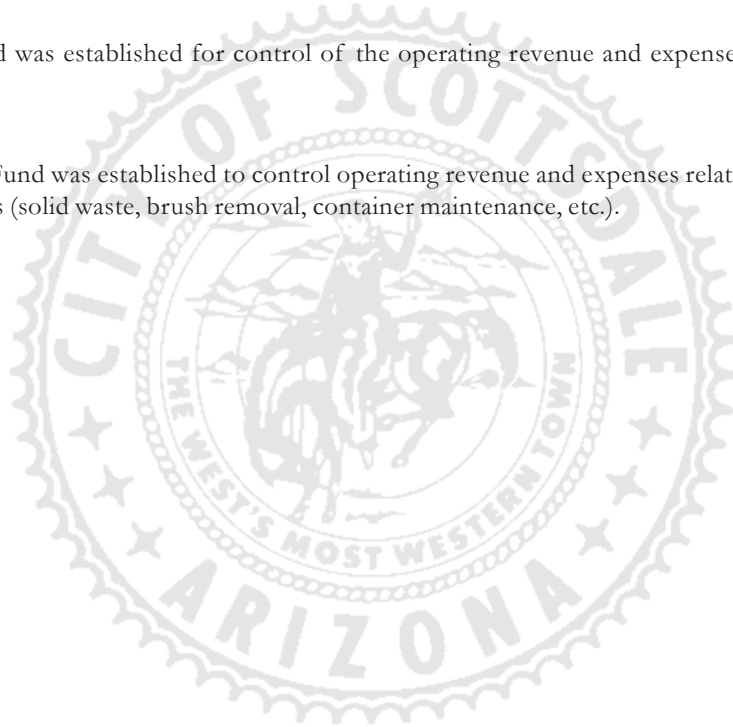

The Water and Sewer Utility Fund was established for control of the operating revenue and expenses of the City's water and sewer utility systems.

Airport Fund

The Airport Fund was established for control of the operating revenue and expenses of the City's airport.

Solid Waste Fund

The Solid Waste Fund was established to control operating revenue and expenses related to the City's sanitation services (solid waste, brush removal, container maintenance, etc.).

Internal Service Funds

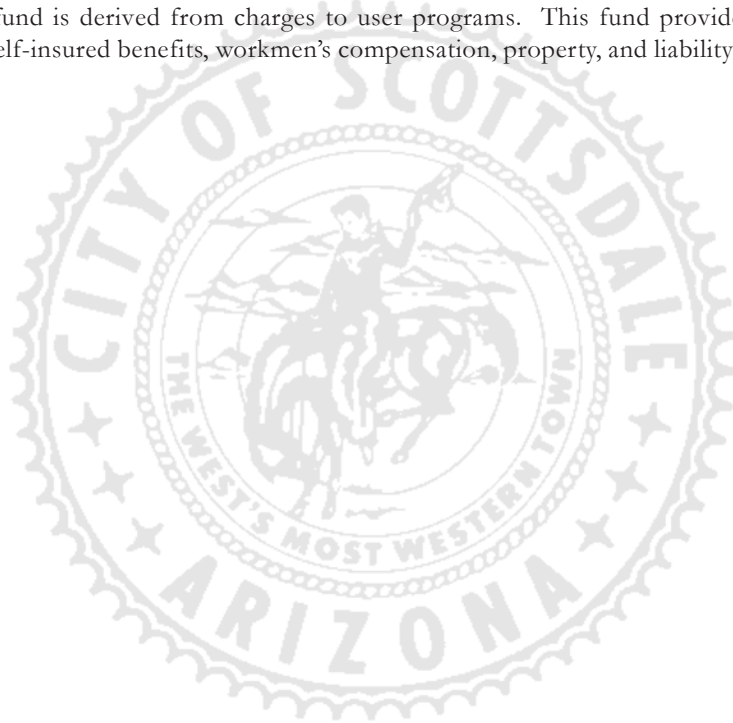

Internal Services Funds are established to finance and account for services and/or commodities furnished by one department or unit to other departments or units within the City.

Fleet Management Fund

The Fleet Management Fund is responsible for the maintenance and operations of various automobiles and other equipment of the city. Revenue to this fund is derived from charges to user programs.

Self-Insurance Fund

The Self-Insurance Fund is responsible for the demonstration of the City's self-insurance program. Revenue to this fund is derived from charges to user programs. This fund provides coverage of unemployment, self-insured benefits, workmen's compensation, property, and liability claims.

Trust and Agency Funds

Trust and Agency Funds administer resources received and held by the City as the trustee or as the agent for others. Use of these funds facilitates the discharge responsibilities placed upon the governmental unit by virtue of law or other similar authority.

Expendable Trust Fund

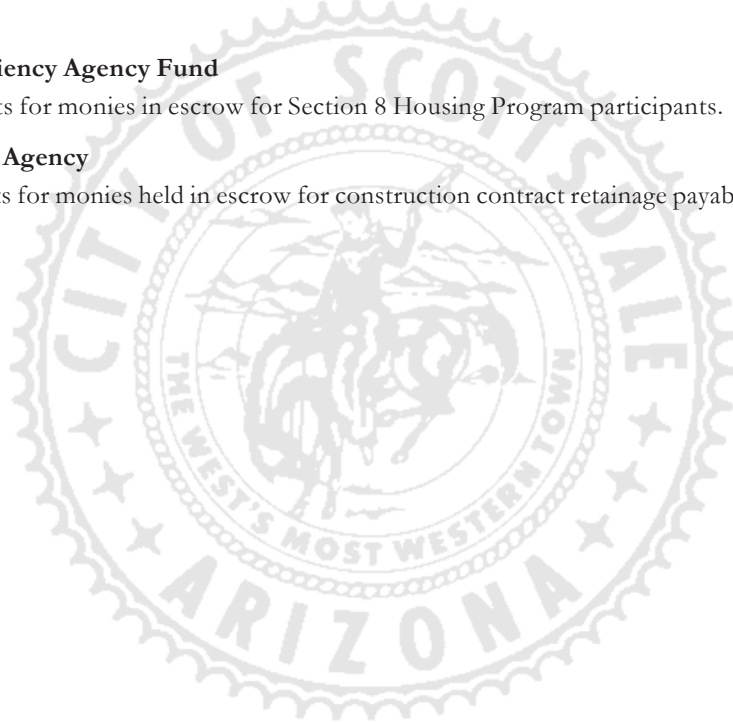

This fund accounts for gifts that are designated for special purposes. The Expendable Trust Fund includes gifts received for libraries, arts, parks, memorials, senior citizens, and handicapped and training services.

Family Self-Sufficiency Agency Fund

This fund accounts for monies in escrow for Section 8 Housing Program participants.

Retainage Escrow Agency

This fund accounts for monies held in escrow for construction contract retainage payable.

General Fixed Assets Account Group

The General Fixed Assets Account Group controls the City's sizable investment in fixed assets which are tangible assets of significant value having a utility which extends beyond a year. This control also allows establishing custodial responsibility for the assets. No depreciation is provided on such assets.

The investment in fixed assets of proprietary fund types are accounted for in their respective funds.

General Fixed Assets Account Group

Debt Requirements

The supplemental debt service schedules provide a comprehensive overview of the City's total debt. These schedules are presented by debt type without regard to fund classification. They include a schedule of changes in long-term debt for the current fiscal year, and a schedule of debt service requirements to maturity for each debt classification.

Debt issued by community facilities districts is included for full disclosure although such debt is not legally an obligation of the City.

Real estate and improvements are combined in the primary valuation.

Under Arizona law, there are two property valuation bases: PRIMARY (P) and SECONDARY (S). The primary (limited assessed valuation is used when levying for maintenance and operation of cities, school districts, community college districts, counties, and the state. The secondary (full cash) assessed valuation is used when levying for debt retirement, voter-approved budget overrides, and maintenance and operation of special service districts.

Beginning in 2001, Real Estate and Improvements are combined in the secondary valuation of the improvements total.

Beginning in 2000 Class 7 is a new legal class which is defined as property assessed at 21% of its limited and full cash property value. Class Seven included railroad operating property, private car company and airline flight property.

A statewide reappraisal program assesses property values by usage classification on varying percentages of actual cash value. These percentages are as follows:

Property Class:	
2. Utilities	25%
3. Commercial-Industrial	25%
4. Agriculture, Vacant Land	16%
5. Residential	10%
6. Lease-Rental	10%
7. Railroad Operating, Private Car Co. and Airline Flight Property	10%
8. Historical	5%
10B. Historical Rental	10%
11. Imprvmnts on Gov Property	1%

The Salt River Project Agricultural Improvement and Power District's (SRP) assessed valuation is not reflected in the total assessed valuation of the City. SRP is subject to a "voluntary contribution" in lieu of ad valorem taxation. The 2000/01 secondary assessed valuation of the Salt River Project within the City is \$14,963,743. The estimated secondary in lieu contribution is \$251,129.

Special Assessment Billings and Collections

Under Arizona law, public auctions are held in January of each year at which disposition of delinquent assessments is made. By bid, special lien rights to properties against which due but unpaid assessments exist are offered in return for payment of all outstanding amounts plus penalties. In the event there are not interested bidders, the delinquency must be satisfied from budgetary funds of the sponsoring governmental unit. Thus, in January of each year, all outstanding delinquent assessments are collected. The amounts shown in this column represent unpaid balances of the June 1 semi-annual interest installment only.

⁽¹⁾ Under Arizona law, cities can issue general obligation bonds for purposes of water, sewer, light, parks, and open space purposes, but outstanding bonds issued for such purposes may not exceed 20 percent of the City's net secondary assessed valuation. Outstanding general obligation bonded debt for all other purposes may not exceed 6 percent of the city's net secondary assessed valuation.

⁽²⁾ The computation of legal debt margins excludes premium on capital appreciation bonds.

⁽³⁾ General obligation bonds of community facilities districts are not subject to or included in this computation since they are not bonds of the City of Scottsdale.
