### **WHO MUST PAY THE TAX?**

You must be licensed and pay tax if you are located in Scottsdale and you lease, rent or license for use tangible personal property. You must be licensed and pay tax if you are not located in Scottsdale but lease semi-permanently or permanently installed personal property within the City of Scottsdale.

Leases of tangible personal property semi-permanently or permanently installed in another city should be reported to that city.

Semi-permanently or permanently installed property includes items requiring alterations to the premises or where a contract states that the items will be located in Scottsdale for more than 180 days.

Semi-permanently or permanently installed property does not include mobile transportation equipment or tangible personal property designed for regular use at different locations (e.g., daily or weekly rentals of automobiles, contracting equipment, janitorial equipment, and household items).

### **WHEN IS TAX DUE?**

Tax is due on the 20<sup>th</sup> day of the month following the month in which the revenue was recognized.

### **WHAT IS THE CITY TAX RATE?**

The City of Scottsdale tax rate for the rental of tangible personal property is 1.75% of taxable income.

## **SPECIAL PROVISIONS**

The activity of a common carrier, such as an airline, bus service, or taxi, which conveys persons or goods for a fee based on distance is transportation for hire and is not taxable.
4. Memberships or admission fees to rental clubs or limited access lessors, such as a video rental store, are taxable.

**CALCULATING THE TAX**

You may choose to charge the tax separately or you may include tax in your sales price. If you include tax in your sales price, you may factor in order to “compute” the amount of tax included in your gross income for deduction purposes.

To determine the factor, add one (1.00) to the total of state, county, and city tax rates.

Example:  $1.00 + .0805 = 1.0805$

Calculate as follows:

$$\frac{\text{Taxable Income}}{\text{Factor (1.0805)}} = \text{Computed Taxable Income}$$

Taxable income less computed taxable income equals your deduction for tax collected.

If more City tax was collected than was due, the EXCESS TAX COLLECTED must be remitted to the City.

**USE TAX**

This is a tax on items that were purchased, leased, or rented without paying privilege or sales tax. The purchased, leased, or rented items become taxable when they are used, stored, or consumed within the City. Most commonly, purchases, leases, or rentals from out-of-state vendors will fall into this category. The use tax does not apply to purchases, leases, or rentals which are resold or re-leased in the normal course of business.

The City of Scottsdale use tax rate is 1.55%. Businesses are responsible for computing and paying use tax.
