Notes:

On June 15, 1987, Council adopted Ordinance No. 1963 creating the Bicentennial Committee. The ordinance indicates that the committee shall be composed of a steering committee of seven (7) members and a support group of 50, selected by the City Council and serving for a term of one year.

According to the minutes of September 19, 1988, the committee was to plan activities through 1991. No additional appointments were made after that date.

From 1974 to 1977, the minutes contain several references to a Bicentennial Committee (U.S. Independence). This committee was a non-profit organization and not a City committee.
