

# 2014 Fire/EMS Safety, Health and Survival Week – Safety Bulletin

Developed by: The Valley Safety Officers Committee of ROCC

June 15-21, 2014

*Please use one full work-day to dedicate and discuss topics related to Safety, Health, and FF Survival. We have provided below, resources that you can use for crew/ battalion level discussions and tabletop training.*

It's that time of year again to place a spotlight on FF Safety, Health, and Survival. Although Safety, Health, and Survival should be a main focus for all of us every day, this week gives us an opportunity to review some important materials and discuss, as a crew or battalion, how we will continue to strive to improve in these areas.

This year's Safety Bulletin has a video developed with support of the VSO committee and produced by the Phoenix Fire Network (PFN). A special thanks to Chief Johnny Valenzuela for his assistance on this project.

## This Year's Main Topic is Responding to Violent Incidents

### The Valley Safety Officers Committee

The VSOs would like to thank you for your time spent this week focusing on FF Safety, Health, and Survival. Be safe and take care of each other.

For further information or needs from the VSOs, please contact the Co-chairs:

Eric Valliere at [evalliere@scottsdaleaz.gov](mailto:evalliere@scottsdaleaz.gov) or

Michael Ong at [michael.r.ong@phoenix.gov](mailto:michael.r.ong@phoenix.gov)

The Valley Safety Officers, a sub-committee of the Regional Operations Consistency Committee (ROCC), has membership from all auto-aid partners (labor and management) and involvement State-wide through the Arizona Fire Chiefs (AFG) Safety Section.
