****NOTE****

Best to go to Jerry's Artarama in Tempe, or, if you have 10 days or so to wait, order ONLINE at www.jerrysartarama.com

Michael's is a craft store. The workers do not recommend correct supplies, nor does Michael's carry them. You may also search Amazon and find many products!

BRUSHES:

STIFF BRISTLE (hog bristle, long handles)

#10, 8, 6, 4 – PREFERABLY FILBERT SHAPE

BOB ROSS 2" BACKGROUND BRUSH

LONG TROWEL SHAPED METAL PALETTE KNIFE

www.trekell.com is a great source. High quality hog bristle brushes, fair prices,

quick shipping from California.

MEDIUM:

GAMBLIN NEOMEGILP MEDIUM Mediums help add transparency and vibrancy to your paints, make them dry faster.

PAINT THINNER/BRUSH CLEANER:

MONA LISA brand is the ONLY true odorless brand

A stainless steel sealed container specifically for oil painting, non-breakable or leakable.

I highly recommend one. They are called "**Brush Washer tanks.**" Around 5 or so inches tall.

***FILL THE TANK UP! You will need it

MASTERSON'S PALETTE KEEPER, (BLUE LID)

You can preserve your paints between classes, Use a 12 x 16 (no thumb hole) palette pad inside. I prefer Richeson's Grey Matters, as grey shows true colors better. White is okay. Put the whole pad in, folding the cover back underneath. CANVASES . The easels provided in studio are not suitable for smaller than 16 x 20. If you use smaller, you will need something larger to back and support it. I use a piece of 1/4" foamcore board cut to about 12" high, across the width of the board, which is lightweight and easy to bring along.

PAPER TOWELS - Viva original select-a-size is best.

OPTIONAL, BUT USEFUL EXTRAS:

An apron or smock, Masking tape, "Grime Boss" wipes found in the paint clean up aisle at Home Depot. They are invaluable. Master's brush soap (in a tan small pot), chalk, and waxed paper.
